That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, over-work, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITT ERS, and it does this by commencing at the foundation, and making the blood pure and rich.

> Wm. P. Marshall, of Logans-port, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend Brown's Iron Bit-TERS. It has cured others suffering as you are, and it will cure you.

A story is going the rounds of the English press which involves a very wicked young woman and a very innocent young curate. She called upon him in aesthetic garb and closely veiled, and with tears, blushes and confusion confessed that her errand was one which affected her whole happiness, and, she feared, her life. He expressed a pradent sympathy and invited her confidence, but but after several attempts to speak she could only sob an entreaty that he would call at her house He went, and there she found courage to avow a hopeless love, and begged that she might carry to the grave which yawned before her the memory of one kiss. The curate kissed her calmly and went home. . A few days afterward he received a communication from the fair creature inclosing an instantaneous photograph of himself in the act of bestowing the coveted kiss, and begging to inform him that there were eleven more copies which he might have for \$100 apiece. At last accounts negotiations were proceeding.

Of all the theaters in the country, says the New York Dramatic News, the People's Theater, now building in St. Louis, Mo., will have one of the best appointed stages; in fact, none will surpass it in finish and completeness. This is being conducted by Mr. H. C. Raymond, at present in St. Louis, and his interest in the work has been demonstrated by his devoting labor to night and day in order to insure its completion in time for the opening. Mr. Raymond was much exposed to night damp, naturally incidental in the erection of an enormous new building, such as the People's, and the result was the contraction of a severe case of rheumatism in the left leg. A single application of St. Jacobs Oil brought relief, and in a very short time the pain disappeared entirely. Mr. Raymond keeps a supply convenient in case of a recurrence of a similar trouble.
