Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, dyspepsia, cold, rheumatism, consumption, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as Brown's Iron Bitters, and it does this by commencing at the foundation, and making the blood pure and rich.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

What Boys Wish to Become.

When a boy has ceased to wish to be a clown he desires to drive an engine; and when that ambition is passed, his next wish is to go to sea. It is curious to observe the uniformity of opinion among boys in these matters. You never hear of a lad passionately anxious to be a lawyer, and hiding himself in corners in order to read about the law; nor probably is a lad—a small lad—often found who devotes his days and nights to thinking how delightful it must be to be a clergyman. To be a stock broker, a banker, a farmer, a member of congress, is not among the ambitions of boys. On engineering they have a few ideas outside the notion that an engineer, whether civil or otherwise, is an individual with a grimy face—a distinct advantage to boys, most of whom abhor soap—who stands behind a locomotive and makes it go along as fast as he pleases. The sea, however, is usually the boy's longest and most earnest dream. And it is not a little extraordinary that the hardest the roughest, and, having regard to the routine of its discipline and the character of its members, the most prosaic of all callings should stand at the head of the profession as an inspiration of sentiment, of poetry, and of romantic fancies. The sea has a charm for the young which men can only understand by becoming boys again in fancy, and thinking out of the minds they had when boys. Were it possible exactly to determine all that a lad dreams about the sea, the impulses which move him toward it, his ideas of life on board ship and the wonders of the world into which the picture wanting neither in pathos nor in humor—humor in the unlikeliness to the truth, and pathos in the generous, child-like imagination which flings its wonderful light over one of the barshest and most unsympathetic of human facts, enriching it to such a degree that even the mature mind is captivated by the boyish fancy, and regards the sea from the standpoint of the dreaming, enthusiastic lad.

Our correspondent was favored with the following from C. H. Wood, Esq., of the C. & T. Ry., Port Huron, Mich. After suffering for nearly a year with rheumatism, receiving treatment from the best physicians of Michigan and the West, I happened to try a bottle of St. Jacobs Oil. Upon the first application I used fully half a bottle, and its effect was almost instantaneous. I immediately dropped all other treatment, and confined myself to its use alone. After the use of three bottles, instead of being driven to my business, or moving about on crutches, I walked from one to three miles daily about business, and have been free from this horrible disease for over a year, not having the slightest twinge of it. Hence I say that all medicines known to me are useless when compared with the Old German Remedy. Use this statement when and where it suits.

NEVILLE & CO. Pacific Net and Twine Co. SAN FRANCISCO, April 11th, 1918.
