A road has been viewed and surveyed from Salmon creek, on the Naselle, to intersect the road from the Naselle to Knappton.

Farmers on the Willapa are counting on at least three and a half to four tons of hay to the acre this year, all through the valley.

The bad weather of March, and the first part of May, was very damaging to the logging camps as it kept them on expenses the most of that time, and no chance to put timber in the water.

The Woods Bros. are making quite extensive improvements on their place on the Willapa. They have the lumber on the ground for a large frame barn 20x100 ft. two stories high; they also have a large number of acres in crops; 20 acres of potatoes and grain in proportion.

Calculation is being made for the clearing of a large amount of land on the Willapa this your. Job. Bullard will have 60 acres slashed if he can get men. Phil Drissler 25 acres, Mr. Preston some 15 or 20 acres, beside Pacific Net and Twine Co. a number of others who will slash from five to ten.
