## SYMPTOMS OF A DISEASED LIVER.

Pain in the right side, under edge of ribs, increasing on pressure; sometime the pain is on the left side; the patient is rarely able to lie on the left side; some times the pain is felt under the shoulder and is sometimes taken for Rheumatisa in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternating with laxity; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generwas pain, accompanied with a dist, neavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes attendant. The patient complains of weariness and debility; he is easily startled; his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low, and, although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it.

If you have any of the above symptom you can certainty be cured by the use of the genuine DR. C. McLANE'S LIVEL PILLS. When you buy McLane's Pills, insis on having DR, C. McLANE'S CELE BRATED LIVER PILLS, made by Flem you can not get the genuine DR McLANE'S LIVER PILLS, send u
