

The Daily Astorian.

Vol. XIX.

Astoria, Oregon, Tuesday Morning, June 26, 1883.

No. 75.

YAQUINA BAY.

Last week the *D. S. Williams* passed out of Yaquina Bay with 700 tons cargo, consisting of spars, oysters, etc. The *Post* gives an account of it, but does not seem to be inclined to place the credit where it is due, but rather would leave it to be inferred that Yaquina Bay was entitled to it. Now the truth is, Mr. Jas. Reedman was alone in the business, and only succeeded after an immense amount of trouble in bringing this about, and then the vessel entered the port without any cargo, although it was reported, as a canard, that she had several hundred tons of material for the O. P. The truth is the only thing brought in was about fifty tons of ballast, which was put on the railroad and called material. We have this from a reliable source. It is in the face of the fact too, that it has been claimed all along that the railroad had a large amount of material at San Francisco, but when it came to the test the *D. S. Williams* could get nothing but ballast on her trip to the bay. The *Post* might notice the inducement offered by the railroad and bay for large vessels to enter. In case of the *D. S. Williams*, Mr. Reedman had to send even to Coos bay to get a tug to bring the vessel in, at a big and useless expense.

It is not our intention to pick flaws in the management of this railroad, but the citizens of not only Benton but as well the valley generally are desirous of seeing more active evidence of a purpose to push the railroad to an early completion. We believe in the bay and the ultimate construction of the road, but why this lethargy now.—*Democrat*.

Struck it Rich

An Olympia dispatch says: The following important dispatch has been received here by E. L. Young, president of the Eagle mine:

SPokane, June 23.

Parties just arrived from Moses reservation report that miners are overrunning both the Colville and the Moses reserves. James Palmer, while looking for stock, discovered a rich ruby silver mine. The ore goes as high as 62 per cent of silver. He has refused \$200,000 for his find. D. Gaskett and H. Maher have made rich discoveries, about thirty miles south of the forty-ninth parallel. Prospectors are continually making rich finds. Another party of prospectors report the discovery of a rich lead about forty miles south of the forty-ninth parallel, on the Colville reserve. Others report that they found rich silver and gold mines also on the Colville reserve. Great excitement prevails.

They were passing a dry goods store, when one of the party stopped them and said, "Let's go in and take something." "Why that's a dry goods store," said one of the party. "Well, what if it come in." In they marched, and arranging themselves before the counter, the gentleman who had invited them propounded the question, "What will you take?" One of the party took a box of collars, another took a clean shirt. When the bill had been settled, and they had walked out, they looked at each other rather sheepishly, and began to see for the first time the foolishness of the treating business.

Conspicuous among the influential men of the Dominion is Mr. J. H. Metcalf, member of Parliament from the city of Kingston, Canada. Coming to a personal matter, we would mention that Mr. Metcalf was formerly subject to extreme soreness of the chest, for which, as he himself says, "I could find no remedy but St. Jacobs Oil, the Great German Remedy. I would not be without it for ten times its selling price."

A Chicago Merchant's Experience

After I had become almost skin and bone, with neither strength, appetite nor ambition left, and the doctors couldn't help me, two bottles Parker's Ginger Tonic cured me completely. M. B. Westcott, Lamp Mfr., Chicago.

A Crucial Test.

The severe chemical tests to which the various baking powders have from time to time been placed have demonstrated clearly to the public the relative merits of the different brands from an analytical point of view. For instance, Dr. Love, the eminent Government Chemist, in his analysis made the comparative strength as follows:

Trade Name	Grain	Water	Gas
"Royal" (absolutely pure)	17.74	116.9	116.9
"Charm" (alum powder)	17.74	116.9	116.9
"Dr. Price's" (Green)	17.74	116.9	116.9
"Snow Flake" (Green)	17.74	116.9	116.9
"C. E. Andrews & Co. Saltine powder"	17.74	116.9	116.9

The Royal Baking Powder was found, besides being of absolute purity, to evolve the highest amount of leavening gas of any of the powders tested, and hence it was placed at the head of the list and recommended for Government use.

But the crucial test of the kitchen is, after all, the most satisfactory to the housekeeper. A baking powder that never fails to make light, sweet, wholesome and palatable bread, biscuit, cake, etc., upon all occasions, is the one that will be placed at the head of the list by the practical housewife, and received into her kitchen for continuous use. This test the Royal Baking Powder has stood for over twenty years, without a single failure, and hence its reputation as the best baking powder made has spread from house to house, until its use has become as universal as its merits are unrivaled.

It has been frequently stated that Mt. Rainier, is an extinct volcano, and at one time in the many years gone by, discharged immense floods of lava at its base. Some people seem to stand somewhat in fear of that vast pile, even in these modern times, but no one has deigned to think seriously of that proposition, because there is evidently no ground for it. A late issue of the *Intelligencer* says: "Mount Rainier, viewed from the entrance of the bay, yesterday, loomed up grandly. The atmosphere was exceptionally clear, and the snowy sides of the grand old mountain glistened like silver in the bright sunlight. Mount Rainier is undoubtedly an extinct volcano, and still emits vapor from its crater. Yesterday at intervals, jets of steam, like that from an exhaust pipe, would shoot up quite above the summit of the mountain and float in fleecy clouds away to the eastward."

A few days since a meteor burst over the village of Rochester, in Ulster county, N. Y. and sent a fiery piece of metal into Rondout creek, causing the water to boil and bubble for some time. The boys hunted around in the creek until they found the meteorite, which proved to be an immense sword weighing 17 pounds. The blade is covered with hieroglyphics that are wholly unlike anything ever before seen or described, and that show a prodigious amount of work in their engravings. The entire workmanship of the mysterious weapon is of the finest possible description. The hilt seems to have been designed for some mammoth hand three times as large as the ordinary human hand. It is supposed to have been fired out of a cannon during an engagement between the contending armies on some of the planets, and may have been wandering through space for many millions of years.

Marquis Tseng denies that an agreement has been reached between the French minister at Shanghai and the Chinese commander. The marquis reaffirms the statement that Chinese troops are massing on the borders of Tonquin. He states that China will not accept a Franco-Annam treaty that is opposed to her sovereign rights in Annam. Marquis Tseng is anxious to obtain England's good offices. A further dispatch says the difficulty between China and France is adjusted. Li Hung Chang is expected to return to Peking immediately.

I stated that President Arthur intends soon to leave Washington for a three months' tour. He desires to visit Newport, Yellowstone park, the Louisville exposition, and to take a trip over the Northern Pacific road.

Special Virtues of Celery.

Mr. Ward, of Perriston Towers, Ross, writes that rheumatism is freely used as an article of diet. Unfortunately he says cooked celery, for it is the article in its raw state which we are accustomed. "Cut the celery," he says, "into inch dice. Boil in water until soft. No water must be poured away unless drunk by the invalid. Then take new milk, very slightly thicken it with flour, and flavor it with nutmeg, warm with the celery in the sauce-pan; serve with diamonds of toasted bread around the dish, or eat with potatoes." "Permit me to say," he adds, "that cold nor damp never produces rheumatism, but simply develops it, the acid blood is the primary cause and the sustaining power of the evil. While the blood is alkaline there can be no rheumatism, and equally no gout. Let me fearlessly say that rheumatism is impossible on such diet, and yet our medical men allowed rheumatism to kill over three hundred thousand human beings in 1876—every case as unnecessary as a dirty face."

A lamp shade of pale blue may have the proper aesthetic touch given to it by running a fine wire through lace and then bending it around the bottom of the shade, so that it forms a little flounce. The lace should be about three inches deep and should be scant. There should be just fullness enough to make it hang gracefully.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

SCALES

Constantly on hand

NEVILLE & CO., Pacific Net and Twine Co. SAN FRANCISCO, APRIL 11th, 1883. DEAR SIR: For general convenience, we have sent a supply of No. 30, 25-ply Genuine Scotch Salmon Net Twine, in the care of A. M. JOHNSON & CO., Astoria, which will be sold at low enough figures to make it an object for all net menders to use it for repairs, in place of the more costly No. 40, 12-ply. Fishermen who have heretofore used this grade of twine for repairs, claim that the durability of the patch is equal to the balance of the net, after the latter has had a few weeks use. We think it will be money in your pocket to try it. For prices and samples apply to A. M. JOHNSON & CO., Astoria, N. E. & California St., San Francisco. —Shiloh's Catarrh Remedy—a positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by W. E. Dement.

ST. JACOBS OIL

THE GREAT GERMAN REMEDY FOR RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains, Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals St. Jacobs Oil as a safe, sure, simple and cheap External Remedy. A trial trial costs but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

Bottles in Every Language.

SOLD BY ALL DRUGGISTS AND DEALERS IN MEDICINE.

A. VOGELER & CO.,

Baltimore, Md., U. S. A.

The construction trains of the North Pacific steamed into the depot grounds at Missoula, Montana, last Sunday. There is a gap of about 120 miles between the ends of the track, to close between Missoula and Helena, and work is being pushed ahead at a very rapid rate.

MOTHERS, READ.

GENES.—About nine years ago I had a child two years old and almost dead. The doctor I had attending her could not tell what ailed her. I asked him if he did not think it was worms. He said no. However, this did not satisfy me, as I felt convinced in my own mind that she had. I obtained a bottle of Dr. C. McLANE'S CATHARTIC. I gave her a teaspoonful in the morning and another at night, after which she passed seventy-two worms and was a well child. Since then I have never been without it in my family. The health of my children remained so good that I have continued watching their actions until about three weeks ago, when two of my children, their ages being as follows: Alice, 8 years; Charles, 4 years; Emma, 6 years; John, 9 years. I have been four of my children, their ages being as follows: Alice, 8 years; Charles, 4 years; Emma, 6 years; John, 9 years. I have been four of my children, their ages being as follows: Alice, 8 years; Charles, 4 years; Emma, 6 years; John, 9 years. I have been four of my children, their ages being as follows: Alice, 8 years; Charles, 4 years; Emma, 6 years; John, 9 years.

The genuine Dr. C. McLANE'S VERMIFUGE is manufactured only by Fleming Bros., Pittsburgh, Pa., and is near the signatures of C. McLANE and Fleming Bros. It is never made in St. Louis or Wheeling.

King of the Blood

Is not a "cure all," it is a blood-purifier and tonic. Impurity of the blood poisons the system, deranges the circulation, and thus induces many disorders, known by different names to distinguish them according to effects, but being really hereditary, and caused by that great genetic disorder, Impurity of Blood. Such are Dyspepsia, Biliousness, Liver Complaint, Constipation, Nervous Debility, Headache, Backache, General Weakness, Piles, Rheumatism, Catarrh, Scrofula, Skin Disorders, Pimples, Ulcers, Swellings, &c., &c. King of the Blood purifies and cures these by attacking the cause, impurity of the blood. Chemists and physicians agree in calling it "the most genuine and efficient preparation for the purpose." Sold by Druggists, &c., in pamphlet, "Treatise on Diseases of the Blood," wrapped around each bottle. D. KASSON, SON & Co., Props. Buffalo, N. Y.

NEVILLE & CO.,

Pacific Net and Twine Co. SAN FRANCISCO, APRIL 11th, 1883. DEAR SIR: For general convenience, we have sent a supply of No. 30, 25-ply Genuine Scotch Salmon Net Twine, in the care of A. M.
