STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BIT-TERS, which is a true tonic-a medicine universally recommended for all wasting diseases.

sot N. Fremmt St., Editione During the war I was in-jured in the stomach by a piece of a shell, and have is fromit ever since. About it is years ago it brought on paraly-sis, which kept me in bed as months, and the best doctors in the city said I could not live. I suffered fenriully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Editors and now after taking two bottles I am able to get up and go around and am rapidly improving. G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

A cablegram from St Petersburg ays: A nihilist alarm again prevails. Police are making wholesale arrests. The government vesterday caused a seizure of students, and a newspaper on which suspicious for a long time have been east by the authorities. The immediate excuse of these proceedings was the publication of a strong article, amounting almost to a manifesto, in which government reforms were demanded. Warning to the government was made and a newspaper on which susing to the government was made only matrixely, by such suggestions as their "There would be as end to all saciabet agitation if the government were supposed to grant the masses something of what they have been taught to regard no their rights."
