sion and has a world of meaning. How much suffiring is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold. rheumatism dy pepsia overwork, nervous debility, &c.

Whateverthecause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S THON BUT EER, and it does this by commencing at the foundation, and making the blood pure and rich.

> Wes. P. Marshall, of Logansrset, Indiana, writer: " My wife has for many years been troubled from pain in her back and general debility incident to larses. She has taken one build of Erown's fron Bitters, al I can tembfully say that the last lean to much benefited. that the pronomoes it the enty remade of many modicines she has tried."

Leading physicians and clerowing use and recommend liseran's Iron Bit-TERS. It has cured others sufficient as you are, and it will consuportion

The Postal Telegraph.

it is anderstood in New York that J. W. Mackey has agreed to back the Postal Telegraph company to the extent of \$1,000,000. He does this by advancing to it morely upon its securities, with the privilege of buying these secarific at a certain price. The offers of the company say that the case Markey less agreed to advance will be sufficient for all the construction the company wishes to do in the next twelve months. They deny the reports that Mackey is to be made president of the company. So far as can be learned it has not been determined who will be made president. The work of extending the company's lines from Chicago to St. Louis and St. Pani will be begun at poner.

Russell Sage stated, when asked what ise thought of the prospects of the Postal Telegraph company: This new blood won't amount to mythings. I know both Mackey and Roberts. Mackey has considerable wealth and his name will go a great way in that respect. For the sake of the stockholders, I hope they will face better than did those in the Consolidated Virginia and California mines with him. I and several of my friends were interested in them with Mr. Mackey. The great trouble with us stockholders was that we could not see so far into the rock as Mackey could, so we got left and Mackey got rich. I hope that the stockholders in this telegraph relience will be better able to see into the reck than I was into the ulning seleme."

"But supposing the Postal Company takes in the Southern, Merchants' and Bankers' and American Rapid companies, and the forms a new system, won't that make a formidable rival of the Western Union

"It might prove a rival like ome we have had before. All of these have come to us, however, and have been anxious to sell out and we have had to accommodate them, so far. I don't know what course we shall take if a new rival springs up."

"Several of the employes of this hotel are happy to say they have been entirely cured of rheumatism, neuralgia and lumbago by the use of St. Jacobs Oil, writes J. E. Show, Esq., prop'r Grand Union

# HOME COMFORT

After a Rainy Ride a Country Physieran Tells What He Thinks of Seme People.

"I wish to gracious some people would learn when they need a dector and when they lon't," exclaimed Dr. E---, as he entered YOUR his house in a coscy little village in the interfor of the State of New York, after a tedi ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live 'till morning, unless he had immediute help; and found him suffering from a rather sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no; they must THAT remain ignorant as pigs, and when the teast sche or pain takes them, send for a doctoti

whether they ever pay him or not." "Why Doctor, what kind of simple reme lies, as you call them, do you expect people to keep in the house?" asked his wife, as she poured him a cap of hot tea.
"In this case," answered the Doctor, "if or had only put a BENSON'S CAPCINE

POROUS PLASTER on the man's stomach he would have been all right in an hour, and saved me a dreary ride." In all ordinary complaints it cures at once All diseases are eliminated from the sys tem by what may be roughly called expulsion or extraction or by a union of the two pro ses. Benson's Plaster promotes both. It incites the tornid organs to act, and sends its caling, soothing, influence through the myr iad pores of the skin. All other plasters oblize the patient to wait. They give him hopfor to-morrow. Benson's plaster gives him help to-day. Which is better, do you think? Buy the CAPCINE and keep it in the house. Price 25 cents.
