is given by using Brown's IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perat condition. Brown's Inox Brivers ensures perfeet health through the hanging seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Dis-- C. R.C.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washingin. D. C., writes, Dec. 5th, 331:

Gentlemen: I take pleasure in stating that I have used Erown's Iron litters for malaria and nervous troubles caused by overwork, with excellent results.

Beware of imitations, Ask for Brown's Iron Bit-TERS, and insist on having it. Don't be imposed on with something recommended as "just as good." The genuine is made only by the Brown Chemical Co. Baltimore, Md.

sche, and pains in the chest, are among the women who do the work. Often-and perhaps generally—the distresses are borne without much complaint. The women get about, and the machinery of the house goes on. Beyond this, those coarse-grained animals whom New England women call "the men folks," seldom look. So long as their wives or daughters are not actually in bed. under the doctor's care, the average thickskinned husband and father gives the subject no attention. At the same time, the poor household drudges-who deserve a better fate -crosp around, broom or utensils in hand, up stairs down stairs and out-of-doors, doin that woman's work, which is "never done." Losses of loved wives and fair girls-losse whose suddenness and unexpectedness aston-ish those wooden-pated husbands and fathers-fall, seemingly out of a clear sky, and form the logical sequel to the story of neglect. Now, you men who stand at the heads of ten thousand such homes, allow us to drop a STECK & KNABE PIANOS word in year receptive years. If these womword in year receptive years. If these wom-en of years are worth having, they are worth FISH, POULTRY AND GAMP chest! What are they but indications of some organic trouble of the kidneys, the heart, or the lungs? End it at once by the application of DENSON'S CAPCINE POROUS PLAS-TER. It will soothe that nervous distress drive away that pain, banish that dull, weary backache, give new strength to the body and fresh hope to the heart. No other plasters eut in the middle.

will do this. The Benson's Plaster, however, is not made to sell-but to heal. It is a rem edy which never yet broke its promise-and never will. Your druggist has it. But before paying your 25 cents and putting the plaster in your pocket, look for the word CAPCINE

#### time is worth one piece of money, silence in its time is worth two. When wine enters the head the senses fly out. The camel desired horns and his ears were taken from him. Silence is the fence around wisdom. Rather be the tail among lions than the head among foxes. Truth is heavy,

therefore few care to carry it. Descend a step in choosing the wife; ascend a step in choosing a friend. Commit a sin twice and it will not seem to thee a crime. Despise no man, and deem nothing impossible; every man bath his honor, and every thing its place. Sir Edward Reed, M. P., owns no less than 2,000,000 acres in America; the Duke of Sotherland, 400,000; Lord Dunmere, 100,000, and Lord Dunraven, 60,000 acres. Phillips, Marshall & Co. own a farm of 1,300,000 acres; the heirs of Colonel Murphy, 1,100,000 acres; H. Diston, 12,000,000 acres, and the Standard Oil Co., 1,000,-000 acres. It appears that nine men own a territory equal to that of New Hampshire, Massachusetts and Rhode Island combined. Then there are the great railroad corporations, whose free gifts of land from lavish Congresses amount to upward of 200,000,000 acres. Eleven of these corporations have received 120,000,000 acres .- S/. James' Gazette.
