FACTS!

A great many people are asking what particular troubles Brown's IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1850.

My health was much shartered by
Rheumatism when I commenced
taking Brown's Iron Bittern, and I
scarcely had strength enough to attend to my daily household duries.
I am reasoning strength daily, and I
cheerfully recommend it to aff.
I cannot say too much in praise
of it. Mrs. Mary E. Beassman,

of the heart without receiving any
benefit, I was advised to try Brown

A Little Story with a Large Moral One Man who Knew his Own Business.

"No. my dear," said the venerable kcope of a country store to a timid little girl whose head scarcely came up to the level of the counter. "No, my dear, we haven't any rod fiannel, but we have some first rate New Orleans molasses." Softly hinting that she didn't think that would answer the purpose quite as well, the child went her way in search of the article she wanted.

"Have you BENSON'S CAPCINE PLAS-TERS *" asked a gentleman of a certain druggist whose name could be given were it de-sired. "I am troubled just now with a touch of my old friend, the lumbago, and the Ben-

son's Plaster seems to go to the spot almost as soon as it touches the skin." "Not at present." replied the druggist, genlally " but, we have lots of plasters just as good. There is Allcock's, the Capsicum and

others-won't one of them do as well?" "My dear sir," retorted the gentleman, with a slight show of temper, "I say nothing against those articles, but I am a busines mnn, and always ask for precisely what I want, and for nothing else. I may enlighten you, however, when I say that sometime ago,

for another disease, of which the Capcine has since cured me, I tried all those you mention with no appreciable benefit. They are inefficient, every one of them, the meanest not of the proprietors of some of them being this that they make plasters with similar sounding names to decaive the unwary into believ-ing they are the same thing. Experience taught me the difference. I'll go to the next man in your line. Good day." Bo on voor guard against imitations. The

genuine has the word CAPCINE cus cleanly in the middle of the plaster. All others are Seabury & Johnson, Chemists, New York.

The "Good Old Times" and Their

A letter written in 1832 from Ohio to England has been quoted more or less lately to show the extraordinary low prices that then prevailed for provisions, etc., there, such as four cents per pound for beef, veal and pork; mine to twelve cents per pound for better; twelve and one-half cents per pound for chickens, and so on; but as there was very little cash circulating then, even those prices were comparatively high, farmers, owning good farms and plenty of stock being for weeks, the letter states, without a cent. The situation was one that was illustrated by the answer of the old man who once pointed out to a visitor quite a valuable sight in Chicago, observing that fifty years previously the capital soler old of the capital soler of the capital soler of the capital without security which all known merhods of treatment had been applied without security with was serving that fifty years previously a completely cured soler of the criticums Reasons, leaving a clean and head the completely action. he had been offered the whole tract for a pair of boots.
