PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from part of the system, and it will not blacken the teeth, cause headache or constipation, and is posi-tively net injurious.

Gents: —Upon the recommendation of a friend I tried Brown's Iron Bittures as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bittures, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder aister was taking Brown's Iron Bittures, responded "that is a good tonic, take it."

A Little Story with a Large Moral One Man who Knew his Own Business.

"No. my dear," said the venerable keeper of a country store to a timid little girl whose head scarcely came up to the level of the counter. "No, my dear, we haven't any red fiannel, but we have some first rate New Orleans molasses," Softly hinting that she didn't think that would answer the purpose quite as well, the child went her way in earch of the article she wanted.

"Have you BENSON'S CAPCINE PLAS-TERS?" asked a gentleman of a certain drug gist whose name could be given were it de sired. "I am troubled just now with a touch of my old friend, the lumbago, and the Henson's Plaster seems to go to the spot almost a oon as it touches the skin."

"Not at present." replied the druggist, get ially " but, we have lots of plasters just as good. There is Alleock's, the Capsicum and others-won't one of them do as well?" "My dear sir," retorted the gentleman

with a slight show of temper, "I say nothing against those articles, but I am a busines man, and always ask for precisely what want, and for nothing else. I may enlighten you, however, when I say that sometime ago for another disease, of which the Capcine has since cared me, I tried all those you mention with no appreciable benefit. They are ineffi cient, every one of them, the meanest act of the proprietors of some of them being this: that they make plasters with similar cound ing names to deceive the unwary into believing they are the same thing. Experience taught me the difference. I'll go to the next man in your line. Good day."

Bo on your guard against imitations. The genuine has the word CAPCINE cut cleanly in the middle of the plaster. All others are impositions. Seabury & Johnson, Chemists, New York.
