Our Thriving City.

THOUGH Astoria has no railroad, we question if any community in the Union is busier or more prosperous than this one.

Our busy little city is so admirably situated that nothing from without can hurt her. A railroad, a new steamship line, anything of that nature helps, and as the inexhaustible resources of the surrounding country are opened, the city will grow in wealth and importance.

It is not surprising, says the Oregonian, that there should be a struggle for the possession and control of the property represented by the Villard stocks.

A BULLETIN to the Peru, Lima Diario Oficial announces the signing of the treaty of peace on the 20th, at Ancon, between the Chilean government and General Iglesias.

The following says a New York dispatch, are among Wall street gossip: Dealings in Northern Pacific preferred stock to-day were said to be unparalleled in the history of Wall street.

D. O. Mills is credited in the street with losing \$6,200,000, and another insider \$1,200,000.

The Mercury, now loading at Port Blakely, with spars for an Atlantic port, gets \$18,000 for lump charter.

The attorney-general of Massachusetts decides that a woman is not "a person."

J. R. Keene has been a very heavy seller, and his friends claim he is bearish on everything.

Mills and his party are bulls, and are large buyers of whole lists.

BEECHER has got back to New York. He says: "Of all the country that I have been over, if I was a young man and wanted to settle down, I should go to Oregon or Washington Territory."

THE census of 1880 gives the total population of Austria and Hungary at 37,786,246, of which number 22,144,244 belong to Austria and 15,642,002 to Hungary.

A SAN FRANCISCO dispatch says attention is drawn to the fact that unless more stringent measures are adopted to prevent the smuggling of Chinese across the British Columbia boundary into Washington Territory, that the thousands of Chinamen now employed on the Canadian Pacific Railroad will, as soon as the contracts are completed, find their way into the United States.

It is now proposed to issue a two per cent. government bond, as a partial refunding of \$400,000,000 of the national debt.

The highest point on the Rocky mountains reached by the Northern Pacific is 1200 feet below the summit of the Sierras on the Central Pacific.
