Want to Adopt the Cash System.

The storekeepers of Hillsboro and The storekeepers of Hillsboro and in fact all over the county are talking of adopting the cash system. The Grove merchants have already done so and we shouldn't wonder if Hillsboro would follow suit. It would be hard on the farming community to have to pay cash now in the stringency of the money market, but it would in the end be best for all. There is one thing certain, since the completion of the Northern Pacific railway, that the old system of long credits—credits from one to two and three years—must be modified, if not in fact all over the county are talking railway, that the old system of long credits—credits from one to two and three years—must be modified, if not entirely abolished; for the wholesale dealers in Portland say they can't credit country merchants on three, because the price of goods, with the opening up of direct competition with the east, have fallen so low and the profits are so small that they must have cash or short-time credit in order to make any profit. And of course the country merchants cannot risk selling their goods even on short time if the wholesalers won't give long dealers in Portland say they can't credit country merchants on three, \$180,554 four or six months time any more, if the wholesalers won't give long credits. The cash system, after all have be-

come used to it, is the best for all. Then a man would feel independent to go where he liked to trade, and would naturally go where he could do the best with his money. Under the credit system there is wrong on both sides—for the seller and the purchaser; for the seller is compelled 8127,579 to sell his goods higher in order to realize interest on his capital for the time of the credit, and to insure him against a certain per cent. loss from bad debts; while, on the other hand, 8898,530 the buyer often takes his credit to his neighboring store and his ready cash where he thinks he can do better. Now this is a double injustice which would be immediately remedied by the cash system. And the cash system would provide against the almost certain ruin of many people who buy more than they should, expecting in the genial spring weather to pay off their debts easily at the end of the year with their crops; but, alas! in such years as this, with light crops and a stringency in the money mar-ket, they are at the mercy of their creditors, and if they were pushed to extremities, would lose all under the sheriff's hammer-Hillsboro Inde-

Mr. Gould has begun building his tomb. Mr. Vanderbilt has also com-menced his tomb. Both are to be palatial tombs. They will be very plain-ly furnished inside. How much sat-isfaction the occupant of a magnificent tomb gets out of it after he gets 21,000 into it is impossible to say. No one general impression, however, that a man's soul does not remain perma-nently in the tomb. It may become tedious and monotonous to stay thus with one's former bones, no matter how splendid the mausoleum.

Rev. F. Carmichael, chaplain of the Magdalen Institution, writes: "I asked Mr. Caine [a leading clerical temperance advocate] how he explained chapter 31, Proverbs, 6-7: Give strong drink unto him that is ready to perish, and wine unto those that be heavy of heart. Let him drink and forget his poverty and re-member his misery no more. Mr. Caine's reply was that 'the words are plainly sareastic.' But Mr. Carmichael questions if this passage can be disposed of by so curt a criticism, and if its sareastic character would suggest itself to any but the most interest of the control of t tense abstainer.

THE HERITAGE OF WOE

I HAD SALT RHEUM In the most aggravated form for eight years. No kind of treatment, medicine or doctors did me any permanent good. My friends in Malden know how tenficed. When I began to use the CUTICHEA REMEDIES my limbs were so raw and tender that I could not bear my weight on them without the sain cracking and bleeding, and was obliged to go about on crutches. Used the CUTICHEA REMEDIES five months, and was completely and permanen by cured. Miss. S. A. BROWN,
Malden, Mass.

References: Any citizen of Malden, Mass.

COPPER COLORED

I have been afflicted with troublesome skin disease, covering almost completely the upper part of my beny, causing my skin to assume a copper-colored bue. It could be rubbed of the dandrulf, and at times causing intolerable fielding and the most intense suffering. I have used blood purifiers, pilla, and other advertised remedies, but experienced no pelief until I procured the CUPICE-HA REMEDIES, which, although used careless! and irregularly curedine, allaving that less! and irregularly curedine, allaying that terrible itching, and restoring my skin to its natural color. I am willing to make an affi-davit to the truth of this statement. Milan, Mich. S. G. BUXTON
