Around the City.

Washington's Birthday!

Reserved seats for to-night's perform-ance at B. F. Stevens & Co.'s

Senator Dolph and Slater have o thanks for omcial documents received. Yesterday was a good illustration of genuine Oregon weather. Everybody felt better.

Captain Dick Hoyt has been appointed superintendent of the Portland city dradge boat.

Any one having hemlock bark for sale can find a purchaser by addressing C. Leinenweber.

Leinenweber. There are five vessels about due. The Watts which sailed from New York over nine month ago, is given up for lost. It was reported on the street yesterday The street waters, have we wished for a telephone that could be turned on for instantaneous - conversation. Mr. Lawrence assures us he will supply the "long feit want." He will before leaving "long softwart, as every one that It was reported on the street yesterday that the cannery at Bay View had fallen down. Nothing definite could be learned

concerning it.

THE WEEKLY ASTONIAN, in stamped wrappers, ready for mailing, published this morning; full of news and home happenings; price ten cents.

The warehouse at the buoy depot at Tongae Point is a total wreck. The snow on the roof crushed it in. The resultant damage, is, fortunately very light.

Mr. C. W. Shively, school clerk district No. 18, gives notice that the annual school meeting of that district will be on the evening of Monday, March 3.

The State of California fired a morn-ing gun vesterday and came to the dock at nine o'clock. The Oregon came down at 5:30 and leaves out this morning.

If you have not already secured your seat for to-night's performance you can tickets at B. F. Stevens & Co.'s to-day. D. L. Beck, of the firm of D. L. Beck

& Sons of this city, left San Francisco for New York on the 13th inst., where he will remain to look after the firm's in-

The newest Chehalis county town is Aberdeen. It will be lively there this season when Mr. Seaborg and his asso ciates get to work catching and canning

Notwithstanding the great amount of rain and snow throughout the state dur-ing the last week, but little rise is thus far reported in the Willamette or Columb

The Rescue Jubilee Troups had a dress rehearsal at the rooms of Alert H. & L. last evening. They have given the greatest care to every detail, and deserve a full to-night

The Fleelwood arrived down vesterday While in enforced idleness afternoon. While in enforced idleness Capt. Scott took occasion to have the vessel thoroughly renovated and put in good shape throughout.

It is reported that the City of Chester and Idaho will be put exclusively on the San Francisco and Victoria roate; and that the Oregon will go on the Sound roate. Captain Alexander will resume charge of the Queen of the Pacific on her next trip north.

The annual session of the state temper-ance alliance begun in Portland last Wednesday. The following officers were elected: President, J. W. Watts; vice-presidents, H. K. Hines, Mrs. Elizabeth Johnson and W. C. King; scoretary, J. E. Houston; tressurer, J. H. Lambert.

THE TELEPHONE IN ASTORIA. The Contract Between the City of Astoria Has Long Been Needed omething That. Here.

At various times Tax Astornan has rec- Columbia Water company and the city of ognized the need of a system of tele-Astoria: phone communication in this city, and it Articles of is with pleasure we learn that arrange, nents are now in progress to have a comdete system in operation in Astoria in ide of thirty days. Notice was made in yesterday's issue of the arrival of John Lawrence, assistant superintendent of the Sunset Telephone Telegraph Company of San Francisco. Yesterday matter, and the answers he received on all sides were so universally affirmative

time, trouble and win out a units string of time, trouble and verations delay. Many a time as we have mounted our dest Arabian steed and started for Upper-town or Uniontown in search of items concerning salmon, etc., or caracoled down to the O. R. & N. dock to learn of the movements of those that on down to

secure sufficient names, as every one that is approached says "yes, certainly; pat Is approached says yes, certainly, par-me down," and the resultant saving will be an item of itself. So far, C. Leinen-weber, (who will have a special wire run-ning to his cannery) the O. R. & N. Co., Wells, Fargo & Co., The Asronias, I. W. Case and others have taken an exchange subscription; the central office will be at E. C. Holder's and when structions.

Subscription; the mention once will be at E. C. Holden's, and when everything is coupped for service the wonder will be how we ever got along without it. The charges will be \$20 a quarter for business houses, and \$15 a quarter for private residences. To a city arranged as ours is, the instrument is invaluable. and especially to our Upper Astoria resients

The new enterprise starts out under the most favorable anspices. It is one of those things that is "always growing;" those things that is "always growing;" as soon as it starts and proves a success, the sphere of its usefulness will constant-ly extend, and it may be that in the course of time the line may extend to Portland. The company that are put-ting it in have so perfected the system in California that a Sacramento man can sit in his office and talk to a friend in San Lose. San Jose.

edge that his search was unsuccessful. His manner of attack was a tacit in-vitation to reprisal. The Ascouran never runs to a fight new from it, and finding itself maligned by a cur, it took up the whip that that creature was powerless to aringing subjection. Probably if such specimens as he can learn anything, he has learned that the next time he starts a fight he should be a little surer of his days of add completion. That in consideration of said water being furnished as above provided, and

The alliance begin in Portland is learned that the next time he starts wednesday. The following officers were elected: President, J. W. Watts; vice presidents, H. K. Hines, Mrs. Elizabeth Johnson and W. C. King; secretary, J. E. Houston; treasurer, J. H. Lambert. A stroll slong the roadway and through upper Astoria shows considerable im-provement going on in the matter of building, and as soon as the weather ad mits, a good deal of grading will be done. John Devlin seems to be the only camer making cans at present; at some of the singer put into condition. Very little knit-ting is going on and the few nets that are being knit are taken at extremely low figures. In the house of representatives on the said supply is commenced. The said party of the first part agrees to farnish good and sufficient bond to the said city of Astorin in the sam of ten thousand dollars to insure the full comtangible a fact. He signs his name to the article. It He signs his name to the article. It really was not necessary. The mistakes be makes in an attempt to put the Eng-lish language together, furnish as good information concerning its authorship It is further agreed that said party of the first part will not at any time charge a greater rate for furnishing the citizens of Astoria, or any of its inhabitants, with as though the signature had the affidavit of a notary attached. For instance: take this morecause: "We have avoided the succedness of suid water than that paid by the citizens of Portland, Oregon, for water at the "We have avoided the sacrodness of his family circle by malicious and infa-mous charges. No gentleman would do that who has any self-respect or decency." He should have furnished a map or dia-gram to explain his explanation. Any one who can make sense out of the above is a genius. The only analogy that can we have a decircul from the quotation is that no we have a decircul from the quotation is decircul from the expression to the opinion of a good many of our citizens concerning our present mail facilities, and said that Astoria had now grown to such prominence that the schedule time between here and Portland should be shortened, and that it was but our just dues that the mail be carried be-tween the two cities in less time than the present contract calls for. We had had considerable conversation with various postal officials concerning the matter, the general impression being that the best plan would be to direct the autorious. About ten days ago THE ASTORIAN gave is a genius. The only analogy that can expression to the opinion of a good many be derived from the quotation is that no postal officials concerning the matter, the general impression being that the best plan would be to direct the attention of the governmental authorities to the mat-ter, and when the next contract was let, have different specifications concerning time between the ends of the route. We further stated that we believed \$16,000 per annum would be little enough for such increased service. Columbia Oregon State, Mar..... 5|Oregon... Hosiery, Hosiery, Hosiery! The latest novelties in ladies and childrens hosiery at Prael Bros'. doing in salmon. The market is reported The irresponsible intile cur who is still whining and licking his sores, didn't know as much then as he does now, and thinking he saw a point that he could make, came out with a whoop, that we wanted to have the O. R. & N. Co. get \$10,000 a year more; and kindred rot. The irresponsible intile cur who is still doing in salmon. The market is reported firm, which is not surprising in view of the fact that there is next to no stock of Columbia river packed now on the coast, one packer being said to be about the only holder. The asking price of this WHAT! do you think that one packer being said to be about the only holder. The asking price of this packer for export is \$1.32%, which, con-sidering the rebate of 2%c, is equal to \$1.35. The outlook for the coming sea-on is very favorable. Owing to the con-dition of the trade \$1.35. The outlook for the coming sea-son is very favorable. Owing to the con-dition of the trade, it is impossible to give satisfactory quotations. There is considerable stock of outside rivers in this market, though quotations would fail to express the situation, there being a wide difference between the asking prices of the various holders.—California Grocer and Canner, 15. -Dinner at "J EFF'S" CHOP HOUSE seven kinds of meats, vegetables, pic, podding, etc. A glass of S. F. Beer, French Claret, tea or coffee included. All who have tried him say Jeff is the obness 7

NEWS FROM VARIOUS POINTS.

Following is a copy of the contract as drawn up and now existing between the

rticles of agreement made and entered into this 30th day of December, 1882, by and between the Columbia Water by and between the Columbia water comparity, a private corporation organ-ized and existing under the general lawsof the state of Oregon, of the first part, and the city of Astoria in Clatsop county, state of Oregon, of the second

and the Columbia Water Company.

part : witnesseth: That for the consideration hereinafter Company of San Francisco. Yesterday he started out to interview some of our iading business men in reference to the matter, and the answers he received on all sides were so universally affirmative

million gallons of water; that the main pipes from said reservoir shall be not less than six inches in diameter, and the distributing pipes shall be not less than four inches in diameter, and shall be laid in such manner as shall be directed by the movements of those that go down to the sea in ships and see the wonders of na-ture in the great waters, have we wished the prarty of the first part also spress ways. The party of the first part also sgrees

to supply water for twenty hydrants at its own expense to be furnished, and at its own expense to be placed in the

streets, and under the control of said ington streets, the party of the first part shall not be required to place hydrants excepting where service pipes shall have been first laid, and said party of the first part agrees to furnish sufficient water to throw from four hydrants at one time,

to throw from four hydrants at one time, of one and a quarter-inch nozzle each, in case of fire for six hours continuously, and with sufficient pressure to throw the water to a height equal to eighty feel above the level of the block on which tae custom house in said city stands, and will also furnish water for two hydrants for two hours each week for hose prac-tice; also to furnish and supply said water for council rooms and engine houses, city jail, and town hall, and any other building or buildings the said city other building or buildings the said city may use or erect for city purposes during the continuance of this contract. The said party of the first part also

agrees to construct its said reservoirs in good and substantial manner, of earth,

the swashbuckler article that appeared in Monday's issue! Then he was full of malics, and after hunting and peeping into every corner in search of something that he could say against the editor of THE ASTORIAN, he was fain to acknowl-edge that his search was unsuccessful. His manner of attack was a tacit in-vitation to remrised. Tore hyperback the activity of water for the purposes. His manner of attack was a tacit in-vitation to remrised. Tore hyperback the erection and con-

The upper Columbia is full of ics. But

little rise is reported so far. The bodies of Lieut. DeLong and com rades, of the ill-starred Jeannette expedi-tion, have arrived in New York. A terrible state of affairs exists in

southern California, occasioned by floods. In the neighborhood of Los Angeles the damage is very great.

A large party of Humboldt county, California, timber grabbers are under indictment in Sun Francisco on a charge of defrauding the government The government is about to send three

vessels in search of the Greely party, who are supposed to be frozen in some of the icy fastnesses near the North Pole. While calling for volunteers it might be as well to get a crew ready to go after the present proposed relief party when they fail to return.

Ill sides were so universally affirmative that he felt warranted in telegraphing to have as much of the material as possi-ble slipped on the next stanner leaving Son Francisco for this port. The idea is to put in a Bell Elserric The idea is to put in a Bell Elserric The idea is to put in a Bell Elserric The utility and convenience of such an arrangement will be seen at a glance. It will facilitate communication is assured to each subscriber. The utility and convenience of such an arrangement will be seen at a glance. It will facilitate communication is assured to each subscriber. The utility and convenience of such an arrangement will be seen at a glance. It will facilitate communication is noting time, trouble and verations delay. Many a time as we have mounted our feet Arabian steed and started for Upprin connection with a fast train over the Milwaukee and Se. Paul road from Chiengo, making the time from that city to the Pacific coast five days, saving one day by any former schedule

Foreign Salmon Market.

There is a very fair demand for really good quality; the condition of the shipeity, and placed at such points as aid city that direct; provided, that except along Court and Water streets, between West Sixth and Benton streets, between streets, between West Sixth and Squeenoqua streets, between West Sixth and Wash-quality. From intest reports it is estiment per Glenbervie proves very satisfacmated that the quantity of salmon shipped from all rivers to this country will he 140,000 cases less than of 1882 pack; all the good quality of which has already gone into consumption .- London Grocers Gazette.

The chief feature of the week, is the dealing that has been going on in salm in out of the newly arrived cargo of 21,857 cases per *Gicabervie* from Astoria, which has been pretty well all cleared off at full rates. The outturn as to quality is very satisfactory, and most of the parcels that have been bought have gone straight into consumation, showing that there is now consumption, showing that there is now a healthy demand for the article. In a healthy demand for the article. In Fraser river sulmon nothing of moment has been done pending fresh arrivals, but some purcels of old import are gradu-ally moving off, and sales of British Co-lumbia fish for arrival up to May next have been made on proportionate terms to those current on the spot. It is esti-mated by competent authorities that the net decrease in the shipments of pre-served salmon to the United Kingdom this season will amount to at least 100.

Stone, brick and cement, and that the
pipes used to convey said water shall be
pipes used to convey said water shall be
of iron and of sufficient strength to bear
a pressure of not less than one hundred
and forty pounds to the square inch.
The party of the first part also agrees
with the party of the second part that

served salmon to the United Kingdom
this season will amount to at least 100,-
0.0 cases.-London Grocer.I of a guilty conscience, the lade-
pendent editor came out yesterday morn-
ing in a miserable attempt at self-justi-
fication. How changed his tone since
the swashbuckler article that appeared
in Monday's issue! Then he was full ofstone since
streets in said streets to be connectedI is also agreed that said streets to be connectedat its own expense place as miny
hydrants in said streets to be connectedat for worket or the sol and that the party of the
second part that
the season will amount to at least 100,-
0.0 cases.-London Grocer. been a comparative stagnation, and buy-ers' urgent requirements having been sat-isfied, they are at present wating the market, and delaying anticipating their further needs; holders for the most part are very firm, but a few purcels ex Kate F. Troop are being offered at prices slightly under our last quotations.—Cor. London Grocers' Gazette.

The last arriving salmon ship (the Kate F. Troop) is at present discharging her cargo, but very slowly. There does not seem much inclination on the part of the buyers—at present, at all events—to purchase from the quay, and prices may be quoted as about the same as last week around for asserial inferior brands may be at the same as last week. be quoted as about the same as last week except for several inferior brands, par-cels of which have changed hunds at a slight concession. Good standard quali-ties, however, in all cases maintain pre-vious rates. As might have been ex-pected, the arrival of the Gleabercie in London with 21,837 cases has materially interfered with the demand from buy-ers in that quarter, and a comparatively quiet tone may be exceeded to prevail

In the house of representatives on the 20th, the public lands committee re-dorted the bill to declare forfeited the land grant to the Oregon Central. Judge Payson of Illinois is one of the strongest advocates of land grant forfeiture and is laboring earnestly in our behalf. In a private letter he says he will, as soon as possible, visit Astoria, and will take pleasure in meeting Astorians and get fully posted concerning the exact status of the matter.

Portland and Astoria Mall.

The irresp nsible little cur who is still

Capt. Scott, of the Fleetwood, and Mr. seelye, the genial purser of that popular boat, were sitting in the cabin as we en-

boat, were sitting in the cabin as we en-tered yesterday afternoon. "Captain," was our inquiry, after the fog, high water, etc., had been discussed, "what is it worth to carry the mail be-tween here and Portland six times a week, annually?" "Sixteen thousaud dollars," promptly answered the captain, "and I wouldn't do it for a cent less. My bid was \$16,750 and I wasn't wearning for it at that

and I wasn't yearning for it at that

We give this as an illustration of how the Dependent will try to distort the best intentions and honest meaning of others in an effort to make a point.

Capt. Scott, like every other sensi-ble man that has expressed an opin-ion on the matter, says: "The matter lies solely with the government. If they've a mind to pay for it you can get your mail down here in quicker time then at
