MESSTS. SEABURY & JOHNSON, Gentlemen; -- Like most of my profession, am cautious about pinning my faith to any new medicine or curative agent. But you BENSON'S CAPCINE POROUS PLASTER, has broken through the barriers and won its way to my good opinion. My attention was first called to it some eight months ago by a patient of mine Although I was well acquainted with the superior excellence of your other plaster and antisoptic dressing, made especially for the profession, the Benson was comparatively new to me. I had beard, bowever, of its merits as a remedy, in cases of Lame Back, Local Rheumatism, Neural-gia. Congestion of the Bronchial Tubes and Lungs. Dyspepsia, Torpid Liver and the like affections, and have since begun to experi-ment with it personally. I find BENSON'S CAPCINE PLASTER an exceptionally cleanly plaster to use, and rapid in its action-Many tests of its qualities, made in my own family and among my patients have convinc

ed me that there is no single article so valuable for popular use, nor so helpful in the diseases I have named.

Should you desire to do so, you may use my ame to that effect. Very truly yours,

Oregon Deaf Mute School.

This school was established in 1870. It happened almost by scci-dent. W. S. Smith, a mute teacher, was traveling over the state, sketching scenery, and as he passed through Roseburg met Hon. S. F. Chadwick, and gave him the number of mutes he had met in his travels. Mr. Chad-wick had been elected secretary of state that spring, and would assume the duties of his office in September following when the legislature would meet. Mr. Chadwick invited Mr. Smith to come to Salem in September and see if a school could not be started. Mr. Smith came, and Mr. Chadwick placed the matter in a favorable light before Governor Grover, who recommended an appropriation for the establishment of a Dard Mute reliable. Deaf Mute school. Mr. Lockhart in-troduced the resolution asking for means for that purpose. Through the explanations of Messrs. Smith and Chadwick the amount necessary secured, and the school opened with Mr. Smith as superintendent and teacher, and so continued. At this time there was no other person in Salem who also understood the sign language, except Mr. Smith's wife. Mr. Smith had no assistance for a long time. The credit of this is due to W. S. Smith and Hon. S. F. Chadwick, for without their efforts no school would have been founded. school would have been founded.

The School for the Blind, of Ore gon, has a somewhat similar history. Iwo years after the Deaf Mute school was established, Mr. Chadwick, with the aid of Miss Nellie Simpson, a teacher of the blind, obtained an appropriation for a Blind school. Miss Simpson was appointed teacher, and conducted the school in a very creditable manner. Though deprived of her sight, she was finely educated in the east and was competent to teach those who were as unfortunate as herself in not being able to see.

Good Advice

President Porter, of Yale, recently gave this sound and wholesome advice to the students: "Young men, you are the architects of your own fortunes; rely on your own strength of body and soul. Take for your star self-reliance. Inscribe on your ban-ner, 'Luck is a fool, Pluck is a hero.' Don't take too much advice, keep at the helm and steer your own ship, and remember that the art of commanding is to take a fair share of the work. Think well of yourself. Strike out. Assume your own position. Put potatoes in a cart, go over a rough road, and the small ones go the bottom. Rise above the envious and the jealous. Fire above the mark you intend to hit. Energy, invincible determination, with a rigid motive, are the levers that move the world. Don't deceive. Don't read novels. Don't marry until you can support a wife. Be civil. Read the papers. Advertise your business. Make money and do good with it. Love your God and your fellow men. Love truth and virtue. Love your country and obey its laws.
