The slanting rays of a February sun shone through the western windows of the police court yesterday afternoon upon a group of legal gentlemen arguing a demurrer. The matter on trial was the adjourned case of the city of Astoria vs. Mrs. Jeffries, charged with a violation of ordinance 557, which pro-hibits saloons and restaurants from kesping open between the hours of midnight and five in the morning. Defendant, through counsel, had filed a demurrer which was argued at great length, the city, through its attorney, argu-ing that the ordinance was reasonable, working no hardship on ditizens and required by the necessities of the case, the defendant through her of the case, the defendant through her attorneys arguing that the ordinance was unjust, unreasonable, oppressive and anfair. THECALL.
The state Democratic convention is nereby called to meet at Dalles City, on Thursday, the 17th of April next, at 10 o'clock a. m., for the purpose of nominating and candidates for the following offices:
ing candidates for the following offices:
Judge of the supreme court, three presiJudge of the supreme court, three presithe committee.

A Washington special says: The O. R. & N. Co. recently gave notice to the Northern Pacific of a desire for a change in the traffic agreement by which the Northern Pacific uses the O. R. & N. Co.'s road from Wallula to Portland. By the present arrangement, which, according to the terms of the agreement, is perpetual, the Northern Pacific Company is entitled to sixty-six miles extra mileage on the O. R. & N. Co.'s road. The latter company not only wants this part of the company not only wants this part of the contract rescinded, but asks for an extra mileage concession for itself, on the ground that it is the charter line and is entitled to it. The matter is in the hands of a committee of directors of each road. The O. R. & N. Co. made arhands of a committee of directors of each road. The O. R. & N. Co. made arrangements with a syndicate to borrow \$3,000,000 on a sort of debenture bond in order to finish the Baker City division. The money was to be repaid when the Oregon statute which prevents the filing of railroad mortgages in two counties is repealed, it being understood that the company would then issue its proposed consolidation loan for \$14,000,000. A hitch has now risen between the company and the syndicate, on account of the high rate of interest (9 per cent per annum) which the syndicate demand. Officers of the company decline to pay such an exorbitant rate while money can be borrowed at from 4 to 5 per cent. It is expected a compromise will be effected.
