THE DESOCRATIC STATE CONVENTION.

The state Democratic convention is bereby called to meet at Dalles City, on Thursday, the 17th of April next, at 10 o'clock A. M., for the purpose of nominating candidates for the following offices: Judge of the supreme court, three presidential electors, representative in the lower house of congress and district officers for the several judicial districts, and to adopt it delegates to the action. and to select six delegates to the nation Democratic convention, and generally to to do such other busines as may of right

The committee deem it fitting to pre sent to the Democratic voters of the state

the following considerations:
We see approaching an election of most vital import to our commonwealth in all its interests, both public and pri-

Deeming honesty the best policy, and Decaming honesty the best policy, and in striking contrast with the course of the opposition party, we have named an early day for the assembling of the state convention. Our principles as a party will then be enunciated, and our candi-dates placed in the field subject to the approval or consideration of the body politic.

The variance in the vote of this state The variance in the vote of this state during the past few years, and especially the very close contest in the presidential election of 1880, gives us much hope that, notwithstanding our present minority, with harmony in our ranks, and a welldirected exertion of our strength, we shall carry off the palm of victory. But to insure this end it is imperative that all weak and worn out Parts, strengthers Tired to insure this end it is imperative that all Democrats should contribute their undivided support and hearty co-operation, not only in the actual canvass but in its very initiation—the county primaries. We do not presume to trespuse upon the precincts of our popular convention, but do curriestly invoke all members of our do carnestly invoke all members of our party to put aside past differences and personal antagonisms, to unite in harmonious action in the various primaries and to send full delegations of representative men to attend the state convention. We have deemed it fitting to reduce the number of delegates, in the hope of securing the personal attendance of those to be chosen. We especially recommend the formation of local clubs, where practicable, throughout the state.

Believing that the success of the Democracy is the welfare of the people, we
