THE DEMOCRATIC STATE CONVENTION.

The state Democratic convention is hereby called to meet at Dalles City, on Thursday, the 17th of April next, at 10 o'clock A. M., for the purpose of nominating candidates for the following offices: Judge of the supreme court, three presidential electors, representative in the lower house of congress and district lower house of congress and district officers for the several judicial districts, and to select six delegates to the national Democratic convention, and generally to to do such other busines as may of right come before such convention.

The committee deem it fitting to pre-sent to the Democratic voters of the state the following considerations: We see approaching an election of most vital import, to our commonwealth in all its interests, both public and pri-

Deeming honesty the best policy, and in striking contrast with the course of in striking contrast with the course of the opposition party, we have named an early day for the assembling of the state convention. Our principles as a party will then be enunciated, and our candi-dates placed in the field subject to the approval or consideration of the body politic.

The variance in the vote of this state The variance in the vote of this state during the past few years, and especially the very close contest in the presidential election of 1880, gives us much hope that, notwithstanding our present minority, with harmony in our ranks, and a well-directed exertion of our strength, we shall carry off the palm of victory. But to insure this end it is imperative that all Democrats should contribute their undivided support and hearty co-operation, not only in the actual canvass but in its very initiation—the county primaries. not only in the actual canvass but in its very initiation—the county primaries. We do not presume to trespass upon the precincts of our popular convention, but do earnestly invoke all members of our party to put aside past differences and personal antagonisms, to unite in harmonious action in the various primaries and to send full delegations of representative men to attend the state convention. We have deemed it fitting to reduce the We have deemed it fitting to reduce the number of delegates, in the hope of secur-ing the personal attendance of those to be chosen. We especially recommend the formation of local clubs, where prac-

ticable, throughout the state. ticable, throughout the state.

Believing that the success of the Democracy is the welfare of the people, we cordially invite all persons, regardless of past political affiliations, who favor simplicity, economy and frugality in the administration of public affairs to unite with me

A "Geniwine Perarie Blizzard."

"A regular old blizzard, isn't it?" was my weather comment to a well-bearded, cowboyish looking passenger. "Nothin' bad about this," was his response. "If you want to see a blizzard as is a blizzard, and no mistake, just go out to the peracies. I remember one, eleven years ago next March; lasted three days; blew so you couldn't see snow

a steer tn feet away. I got lost from our ranch up near North Platte, Nebraska, and hadu't nothin' to do but to go with the storm, which came from the north, a little west. I was sixty hours on my feet—to stop to rest meant to freeze on the spot. Finally, I run plum agin's sod house away down in Kan-sas more'n 200 miles from where I started from. There I found shelter, and slept two whole nights and days Then I was all all right again. This is only a breeze compared with a geniwine perarie blizzard."—"Train Talk."

A peculiarity of our road law is the fact that it is next to impossible to present a petition for the laying out of a county road that cannot be de feated by some technicality. The East Oregonian shows an instance of the kind in Umatilla county. A petition was presnted to the court ask ing for a change in a road. county court found the proceedings all regular and ordered the change. A dissatisfied individual appealed to the circuit court. After due examination and consideration judge of the circuit court found that the proceedings had all been regular. That the legal notices had been post ed along the route, one at each end and one about midway, on the side of a house, but unfortunately, the affidavit of posting did not state on which side of the house the notice was posted, which proved fatal, and the road was defeate !. Curry Post.

Miss Elizabeth Rebecca Payne, of Wincester, Va., has become a man and married Annie Hinton. She or he said to a correspondent of the New York World, "I really did not suspect my true sex until three or four weeks Two physicians performed a simple and painless operation on Miss Rebecca, and then announced to their patient that she was of the masculine gender, and that the ignoramus who superintended her advent into the world deserved to be prosecuted for the dense stupidity which brought about his subsequent wearing of petticoats instead of trousers. The supposed woman never had any sign of beard, and his voice is not unfeminine.
