The same being one delegate at large from each county, and one delegate for every 125 votes, and one for every frac-tion over one-half thereof, cast for Hon. M. C. George, congressman, at the last M. C. George, congressman, at the last general election.

The committee recommend that the primaries be held on Saturday, the 12th of April, and the county conventions on Tuesday, the 22d day of April, unless otherwise ordered by the proper county central committees.

The committee earnestly recommend that the delegates elected to the state

that the delegates elected to the state convention attend in person, and if not convenient for them to so attend personally, that they send their proxies by electors of the county they represent.

The Republican voters of the state, without regard to past political differences, who are in favor of elevating and dignifying American labor, giving free popular education to the masses of the people, effectually protecting all human rights in every section of our common country, and who desire to promote friendly feeling and permanent harmony country, and was desire to promote friendly feeling and permanent harmony throughout the state by maintaining a government pledged to these objects and privileges, are cordially invited to unite in selecting delegates to the Republican state convention.

THE DEMOCRATIC STATE CONVENTION.

The state Democratic convention is hereby called to meet at Dalles City, on Thursday, the 17th of April next, at 10 o'clock a. M., for the purpose of nominating candidates for the following offices o'clock A. M., for the purpose of homma-ing candidates for the following offices: Judge of the supreme court, three presi-deutial electors, representative in the lower house of congress and district officers for the several judicial districts, and to select six delegates to the national Democratic convention, and generally to to do such other busines as may of right come before such convention.

during the past few years, and especially the very close contest in the presidential election of 1880, gives us much hope that, election of 1880, gives us much hope that, notwithstanding our present minority, with harmony in our ranks, and a well-directed exertion of our strength, we shall carry off the palm of victory. But to insure this end it is imperative that all Democrats should contribute their undivided support and hearty co-operation, not only in the actual canvass but in its very initiation—the county primaries.

We do not presume to trespass upon the o not pre precincts of our popular convention, but do earnestly invoke all members of our party to put aside past differences and personal antagonisms, to unite in har-monious action in the various primaries and to send full delegations of represen-tative men to attend the state convention. We have deemed it fitting to reduce the number of delegates, in the hope of secur-ing the personal attendance of those to be chosen. We especially recommend the formation of local clubs, where prac-

ticable, throughout the state.

Believing that the success of the Democracy is the welfare of the people, we cordially invite all persons, regardless of past political affiliations, who favor simplicity, economy and frugality in the administration of public affairs to unite with ne

The committee deem it fitting to present to the Democratic voters of the state the following considerations:

We see approaching an election of most vital import to our commonwealth in all its interests, both public and private.

Deeming honesty the best policy, and in striking contrast with the course of the opposition party, we have named an early day for the assembling of the state convention. Our principles as a party will then be enunciated, and our candidates placed in the field subject to the dates placed in the field subject to the dates placed in the field subject to the course of the state convention.

This enormous hotel is to have a frontage of three miles and a deoth of six m les; the height is sev n'y seven stories; it will measure 3,810 feet from the ground floor to the roof. The notel will have no stairs, but 500 balloons will always be ready to take guests up-stairs to their rooms. No waiters are to be employed, but visitors will be served with a newly patented automaton put up in every bedroom, which will do all shaving, shampooing, etc. Suppose the guest requires hot water; the automaton will be able to call down stairs, "A bucket of water for room No. 13,017, and the water will be up in sever seconds by a patent elevator. Half an hour before the table d'hote, instead of ringing bells, a gun (24-pounder) will be fired on each floor to call the guests to get ready for their meals. The tables in each dining room will measure four miles each, attendance being performed by twelve waiters on horseback either side of the table. Music during the table d'hote will be performed gratis by eight bands of seventy-seven men each. For the convenience of visitors a railway will be built on each floor, as well as a telegraph office. The price of one bed will be from one to ten dollars. The cost of this building is estimated to be \$680,000,000. The billiard room will contain nine hundred American, ninety nine French and one English table.
