THE DEMOCRATIC STATE CONVENTION.

The state Democratic convention i hereby called to meet at Dalles City, on Thursday, the 17th of April next, at 10 Thursday, the 17th of April next, at 10 o'clock A. Deeming honesty the best policy, and Deeming honesty the best policy, and in striking contrast with the course of the opposition party, we have named an early day for the assembling of the state convention. Our principles as a party will then be enuncisted, and our candi-dates placed in the field subject to the approval or consideration of the body politic.

politic. The variance in the vote of this state during the past few years, and especially the very close contest in the presidential election of 1880, gives us much hope that, notwithstanding our present minority, with harmony in our ranks, and a well-directed exertion of our strength, we shall carry off the palm of victory. But to insure this end it is imperative that all Democrats should contribute their undi-vided support and hearty co-operation, not only in the actual carwass but in its very initiation—the county primaries. We do not presume to trespass upon the preciacts of our popular convention, but do earnestly invoke all members of our party to put aside past differences and personal antagonisms, to unite in har-monious action in the various primaries and to send fall delegations of represen-tative men to attend the state convention. We have deemed it fitting to reduce the number of delegates, in the hope of secur-ing the personal attendance of those to be chosen. ### The Pope's Position

The Sun's London cablegram says: The chief continental item is the renewal of the report that the Pope in-tends to leave Rome. His recent re-fusal to receive a good entholic like the prince of Bavaria, and a still more unimpeachable catholic like his wife, the Duchess Giselda, daughter of the emperor of Austria, because they had in the first instance visited the king of Italy, has brought into p unful prominence the difficulties of nis po-sition. He has also been deeply an-noved by the action of the Italian

noyed by the action of the Italian law courts with regard to the College of the Propaganda. Various places are suggested as his place of retreat. Malta, which used to pe periodically mentioned in the days of Pope Pius, is discredited as belonging to a prot-estant power, and the chances of Aus-tris are increased by the report that his boliness had communicated his intention of leaving Rome in an auto-graph letter to the Emperor Francis 'oseph. noyed by the action of the Italian

BALTIMORE, March 30.-Arehbishop Gibbons in an interview states that the American prelates will send to President Arthur a letter this week thanking the American government for its intercession in behalf of the American college at Rome. The arch-bishop thinks that the action of the Italian government will be perma-nent. He thinks that all the Propaganda property will be sold, except-ing the American college. A promi-nent clergyman close to the archbishop said it is not thought improbable that the Vatican and St Peter's will be confis ated in the near future. In that event the catholic church of the entire world will protest and if without success there is little doubt that the Pope will seek refuge in Austria Last year the mill men and lumber dealers of Portland formed a combi-nation to put up and hold up the prices of lumber to extortionate fig-

prices of lumber to extortionate fig-ures. They succeeded in doing so through the season, taking advantage of those who had made preparations to use lumber. Thus they reaped a temporary harvest. But it was at the

expense of future business. Lumber now, though offered at prices from 20 to 40 per cent below the outrageously high ngures of last years, cannot be sold; and in consequence the mills are compelled to make lumber without a profit or reduce their output. It serves the mill men exactly right. For their conduct last year they ought ot to make another dollar for five years to come. Robbery is robbery,
