Sheriff Twombley yesterday received a dispetch from Sheriff Geo. C. Sears, of Portland, to secure the arrest of one Lincoln Geiger, who had been working near Sesside, on Clatsop plains, as he had a warrant for him. Twombley found Geiger in the city and promptly landed him in jail. Geiger has been working for Mr. Austin near the Grimes house. It is rumored that he is arrested on a charge of seduction.

The State of California arrived in at 9 o'clock last evening. It was reported around town yesterday afternoon that she had broken down off Port Orford. We suppose the fact of her usual quick and successful trips on time led to the rumor. Capt. Jessen the bar pilot informed our reporter that the only cause for her being 12 hours behind time was all the way in. The Orgon left out.

Wight, John Adair, Jr., M. J. Mears. The committee recommended the lowing order of business:

M. Resder, Henry Emkins, Henry Fail. all the way up. The Oregon left out.

A distressing and fatal accident occurred on Tuesday last at Chifton, reculting in the death yesterday of Johany McLane, infant son of J. W. McLane, an employe in Cook's cannary. The little fellow, who was only eight months old, when his mother's attention was attracted elsewhere in the house, managed to pull over a kettle of bailing water on himself, sustaining injuries which all the parent's care could not prevent from proving fatal.

Two severe casualities occurred on the steamship Oregon while on her way down from Portland yesterday. A steerage passenger named Clark, aged 60 years, in falling from his berth, sustained a fracture of the left thigh bone. Clurk is a resident of California. One of the hands on board had his fingers badly mashed while handling freight. On arrival here both unfortunates were conveyed to St. Mary's hospital, where Dr. Baker reduced the fracture, assisted by Dr. Fulton.

Solid Facts for the Censideration of City Taxpayers.

At the meeting of the city council held

on last Tuesday evening, ordinances were passed legalizing the collection of the estimated cost of improving West Ninth atreet and also, of West Eighth and General McBride were respectively nominated for congress. evieve streets. These estimates were prepared by the city surveyor and we have no doubt they are as near correct as can be. The proposed improvement of the streets mentioned was properly advertised in Tue Astonian as by law required, and it was stated at the council quired, and it was stated at the council meeting that not one of the property holders interested had sent in any re-monstrance against it. This is gratify-ing and evidences the fact that, no mating and evidences the fact that, no matter what the cost, the owners of city lots eligible for building purposes and in close proximity to the business center, are anxious and willing to have the streets in front of the same improved and made approachable, thereby enhancing the beauty of our favored city. We think, however, that some of the owners of lots along the line of the proposed improvements will be somewhat astoniahed when called upon to pay into the city treasury the amount which has been assessed against them. On West Eighth and Genevieve, the cost per lot was estimated in the cost of the same was withdrawn. The fifth bailot resulted as follows:

The sixth bailot resulted as follows:

The fifth bailot resulted as follows:

The fifth bailot resulted as follows: and Genevieve, the cost per lot was esti-mated at from \$345 to \$1,100. On West Nin th, from \$8) to \$550. Now the question arises will these property holders in view of these high assessments sanction any action of the council toward increas-ing the salary of already well paid offi-cials, whereby the heavy taxation for city expenses may be rendered still more bur-densome. The interests of hundreds of densome. The interests of hundreds of our citizens is involved in the question, as the improvement of many other streets, besides those mentioned, is already before the council, as well as, in the near future, the expense of constructing drains and sewers, all of which is necessary and for the general welfare of of the whole community and not, as in other cases, for the benefit of local politicians.

Mr. W. G. Ross, nominee for sheriff, in a neat speech thanked the delegates, and assured them he would spare no efforts to secare the election of all the nominees of the convention. Isaac Bergman being called upon thanked the convention for the bong thay had again conferent as the honor they had again conferred upon him in nominating him for county treas-urer, and as he had been there before, he hoped his experience in the past would avail him on this occasion.
