DEMOCRATIC PLATFORM.

Following is the platform adopted by the Democratic state convention at Dalles, April 17th:

The Democracy of the state of Oregon, in council assembled, declare: First—That we favor the forfeiture of

First—That we favor the forfeiture of all unearned railroad and wagon road grants and the opening of the land to settlement and occupancy by those entitled to the benefits of the various land laws of the United Stetes.

Second—That we are in favor of the passage by congress of laws made in the interest of the people, regulating interstate commerce, and also state laws, controlling and regulating fares and freights upon all transportation lines, and pre-

state commerce, and also save taken trolling and regulating fares and freights upon all transportation lines, and preventing discrimination in favor of or against persons or places.

Third—That we look with alarm upon the unauthorized assumption of power and jurisdiction of United States courts in interfering with officers collecting the revenue of the state of Oregon.

Fourth—That we are in favor of the mortgage tax law, and believe the principle of taxation enunciated therein is correct and ought to be sustained.

Fifth—That we favor the passessement and collection of taxes as will make the assessment and collection of taxes as will make the assessment and uniform throughout the state, and demand the strict enforcement of such laws when enacted.

such laws when enacted. Sixth—That the power conferred by the federal constitution upon congress to enact tariff laws was given for the sole and exclusive purpose of deriving revenues for the support of such government, and that the enacting of any tariff law for my other purpose, such as taxation of one class of people, is as entirely unwarranted by the constitution as it is re-

sure their speedy completion; also, we ask of our representatives in congress a united effort to secure a liberal appropriation for the improvement and continua-tion of the work of improving the har-bors of Vaquina bey, Coos bay and the Coquille river.

Eighth—That we favor the abolition of

the prison contract system, and the pres-ent coolie trade conducted on this coast as degrading to the wage workers of the

country.

Ninth—That for the purpose of preventing growing frauds in our elections, and to preserve the fruits of the ballot-box, we favor the passage of a registry

Tenth—That we are in favor of more efficient mechanics' lien laws.

Col. Some allowance for this statement must be made, for Bayne is enthusies tic for the "Plumed Knight." George W. Cable, the New Orleans

novelist, was on an occasion invited to address a Sunday school. Mr. Cable's fondness for children is proverbial, and he accepted. In the course of his remarks he raised his hand, expanded his digits and said: "I have so many children at home. How many is that?" "Five," piped up the youngster promptly. "And up the youngster promptly. half of them are girls," continued the speaker, staggering his audience with his apparently reckless disro-gard of the truth.
