Thos. Eccles, who has been living for sometime on his place on the Nehalem near Vesper, met with a severe loss last Wednesday. He went a short distance frem his house to burn some brash, and in some unaccountable way the house caught fire and with its contents was entirely consumed. Mr. Eccles and his wife are a hard-working couple and by close economy had asved sufficient to pay for the passage from England of one of their sons. This sum, which was in greanbacks, was also burned up, and so rapid was the progress of the flames that nothing could be saved. They are utterly destitute and in urgent need of assistance. Mr. Eccles was severely burned while trying to save some of his property, and, altogether this is a case that appeals to the benevolence of our citizens.

On Thursdey afternoon, probably in the vicinity of N. Johansen's, a small memorandum book, sheep binding, had a letter addressed Wm. E. Joplin. Leave at Steven's Book store or Booth's can-nery and be rewarded.

## Caught On the Fly.

Messrs. Betancue & Button, of the Flying Studio, have moved to their new galiery on Squemoqua street, three doors east of the bank. They use the new style, instantaneous dry plates exclusively. The process is truly wonclusively. The process is truly won-derful. Little ones who could never re-main still an instant are taken accurately by this process—actually "caught on the fly."
