

The Daily Astorian. ASTORIA, OREGON: SUNDAY, JUNE 1, 1884. A GLIMPSE AT "ROYALTY."

A book likely to be widely read for its glimpses into the byways of European royalty is "The Life and Letters of Princess Alice." From the proud and rich English court to the equally proud but purse-pinched palace at Darmstadt was a sea-change indeed, and the letters of the Princess will do good if only showing how much better of an American business man's wife is than was this daughter of the richest kingdom in the world.

The letters of the Princess to her family in England, and particularly the Queen, a memoir translated from the German and a preface by the Princess Helena, make up the body of the book. With the history of the Princess from her childhood and early life as the favorite daughter of Prince Albert down to her death by diphtheria contracted at the bedside of her children, the world is familiar. It can, however, do no harm to read again this story of the life of a woman who, although a princess, was as simple and homely in her daily life as any burgher's wife in a little German town.

Two portraits accompany this book, one of the Princess Alice from a photograph taken in 1860, two years before her marriage with Prince Louis of Hesse Darmstadt, in which she is represented as a sweet, simple English girl, with her hair smoothly braided, as was then the fashion. The other forms the frontispiece, and is taken from a German photograph dated 1878. In this the Princess appears as a stately and dignified lady of a somewhat German cast of countenance. In fact, she looks like the wife of a German burgher, and this is about what she was, for Prince Louis of Hesse, a small eyed creature, who is talking of marrying again, was impetuous-terribly so-and not all the guineas of his wife's dowry and settlement sufficed to give the young couple a decent establishment. An American girl would have turned up her nose at the clothes Victoria's daughter had to wear. The royal family never dressed well until the Princess Alexandra married into their set, but they probably had enough to be comfortable in it.
