Salled Head, Infa tile or Birth Humors and every form of Itching, Scally Pimply Scrofulous, Inherited, Contogious and C-p per-Colored Diseases of the Blood, Skin and Scalp, with Loss of Hair, are positively cured by CCTICUTA RESULVENT, the new Blood Purifier, internally, and CUTICUTA and CUTICUTA SOAP, the great Skin Cures and Beautiers, externally, when all known remedies and the best physicians fall.

GREATEST ON EARTH.

Cericura Remedies are the greatest medicines on earth. Had the worst case Salt Rheum in the county. My mother had it twenty years, and in fact died from it. I believe Curicura; would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Curicura RESOLVENT internally, and Curicura and Curicura Soar externally.

J. W. ADAMS, Newark, O.

GREAT BLOOD MEDICINES. The half has not been told as to the great curative powers of the Corneura Remember. I have paid hundreds of dollars for medicines to cure di eases of the blood and skin, and never found anything yet to equal the Corneura Remember. CHAS. A. WILLIAMS, Providence, R. I.

CURE IN EVERY CASE.

Your CUTIOURA REMEDIES outsell all other medicines I keep for skin diseases. My customers and patients say that they have effected a cure in every instance, where other remedies have failed.

Three Electoral Votes for Sale.

In no state in the Union is the ex citement over the approaching presidential election so intense as in Nevada. While having, like other people, their patriotic impulses, partisan learnings and personal preferences as to candidates, the voters of Nevada are practical men, and never foolishly allow sentiment to interfere with business. They perceive now, with the rest of the world, that the coming election will be a very close one, and that each side willinght flercely for every electral vote. Nevada has three of them. She hasn't much else at present. The mines are not producing, and the itement over the approaching presihasn't much else at present. The mines are not producing, and the farmers can find no market worth speaking of for their produce—the home sale being limited and outside competition with California farmers being out of the question. Politics is the only business remaining from which anything like a reasonable profit can be derived. "The state is naturally Republican by about five or six hundred majority," a Nevada senator said to the writer a few days ago, "But it all depends upon which side has the sack when it comes down to voting. There are now less than fifteen thousand voters in the state." We call the attention of the suc

publican national committees, to these facts. Three electoral votes, and only fifteen thousand voters to handle! It would be the pleasant handle! It would be the pleasant pastime of an afternoon for a man like Senator Dorsey to pocket those votes—Dorsey, the secretary of the Republican committee, whose masterly use of "soap" in Indiana, in 1880, drew from Mr. Arthur, in a public speech at Delmonico's something like three years ago, encomiums which evoked "great laughter" from Mr. Beecher, General Grant and the hundred or more great men of the hundred or more great men of the party who sat on that memorable and party who sat on that memorate and elevating occasion at the banqueting-board. Patriot mathematicians have figured that the party which can pur-chase one-fifth of the vote of a state may trust to the momentum thus im-parted to carry its ship into port. In a close election, such as that which THE Great Balsamic Distillation of Witch Hazer, American Pine, Cauada Figure etc., called "anford's Radical Cure, for the immediate relief and permanent cure of every form of Catarrh from a simple Cold in the Head to Loss of Smell, Taste and Hearing, Cough and Calarrhal Consumption. Complete treatment, consisting of one bottle Eadleal Cure, one box Catarrhal Solvent and one improved Inhaler.

age, may now be had of all back as an equivalent for a vote; but the ruinous competition with the pauper voting of European immi-grants has not yet affected the Ne-vada market. Besides, a large por-tion of the voters have in their time been millionsires, and are expansive in their financial ideas, even in their present poverty. A mere United States senatorship has been knocked down by them for over half a million. That was in flush times, however, and we dare say that an offer of half that sum would now be accepted. Under the circumstances it is not

at all surprising that Nevada's politi-cal excitement should exceed that of any other state, and that a spirit of gayety has dissipated the clouds of gloom which for several years have hung low over the sagebrush. Men see in the approaching contest a sure opportunity to make at last that longed-for "raise" which will enable come to be the sole dream of hope left in the minds of many of her citizens. Those who figure that because Nevada went for Hancock in 1880 she will be Democratic this year, and those who fancy that the electric those who fancy that the electric Mr. Blaine can sweep her with a whoop, don't know Nevada. She is sitting on the fence, and a flag waves from the staff on the peak of Mount Davidson, so very red and high that the bidders of both parties, even as far off as Washington and New York, can't by any possibility mistake the flag's color or meaning, if they turn their patriotic eyes that way.—San Franciscan.
