JOHN A. LOGAN.

John A. Logan was born of Irish parentage in Jackson county, Illinois February 9, 1826.

The infrequent sessions of the school in the new settlement where he lived led his father to take upon himself the education of his son.

Upon the declaration of war between the United States and Mexico he volunteered; was made Lieutenant in the First Illinois Infantry, and was for a time Adjutant of his regiment.

At the close of the war he studied law with his uncle, Alexander M. Jenkins. In 1849 he was clerk of Jackson county. Subsequently he completed his legal studies at the Louisville University, and was admitted to the bar in 1852.

His popularity may be inferred from the fact that in the year of his graduation he was elected to the State Legislature, and in the next year to the office of Prosecuting Attorney of the Third Judicial District, holding that office until 1857.

He was re-elected to the State Legislature in 1853, 1856 and 1857, and was Presidential elector on the Buchanan and Breckenridge ticket. In 1858 and 1860 he was elected Representative at Congress. In July 1861 he left his seat in the extra session of Congress, and joined the Union troops on their way to the battle of Bull Run.

He was made Colonel of the Thirty-first Illinois Infantry in September, and in November met the foe at Belmont, where his horse was shot from under him during a successful bayonet charge. He led the charge on Fort Donelson, was wounded, and compelled to leave the field for several months.

In March, 1862, he joined Grant at Pittsburg Landing, and was appointed Brigadier-General of Volunteers. During the summer of 1862 he was urged to run for Congress, but replied: "I have entered the field to die, if need be, for this government, and never expect to return to the peaceful pursuits until the object of this war of preservation has become a fact established."

His bravery in Grant's northern Mississippi movements met with a promotion to the rank of major-general. At Vicksburg his column led the entrance on June 25th, and he was the first military governor. He succeeded Sherman at the head of the fifteenth army corps in November, 1863, and when McPherson lost his life, on the 22d of July, Logan succeeded him and commanded the army of the Tennessee with the same ability and success which characterized his command of smaller numbers. He was with Sherman on his "march to the sea," remaining with him until Johnson's surrender. In 1865 he was appointed minister to Mexico, but declined. From the close of the war until 1871, he occupied various positions of honor. In 1871, and again in 1879, he was elected senator from Illinois. His term of service in the senate will expire March 3, 1885. Senator Logan has played a brilliant part in the political history of the United States during the last twenty-five years. His speeches in the House and Senate are famous for their power.

Mr. J. W. Reed, editor of the Farragut, Ia. News, says: "I was afflicted with rheumatism, so badly, that I could scarcely walk. St. Jacobs Oil, the great pain-cure, was applied but once and it cured me."

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 108 Wall-st., N. Y.

Analysis by Dr. A. Voelcker, F. R. S., Consulting Chemist Royal Agricultural Society, England, shows only a trace of nitrates in Blackwell's Bull Durham Tobacco. The soil of the Golden Belt of North Carolina, in which this tobacco is grown, don't supply nitrates to the leaf. It is the secret of its delicious mildness. Nothing so pure and luxurious for smoking. Don't forget the brand. None genuine without the trade-mark of the Bull. All dealers have it.

When folks come to drive away sleep, your best advice is found in Blackwell's Bull Durham Smoking Tobacco.
