IMPROVING THE BAR.

WORK on the bar will not be begun till the question of present precedence between the civil and army engineers is decided.

It is thought by many who have given the subject careful observation that a double row of piles with fascines between would be the most effective style of jetty that could be devised.

A NEWSPAPER published in a small summer resort on the Somersetshire coast of England, increased its revenue during the late season by charging threepence for using the title "Esq." at the end of a visitor's name.

THE new batch of Alabama claims, amounting to about \$2,500,000, have all been paid. It is estimated that there are about \$5,000,000 more in unsettled claims, which would leave \$5,500,000 in the treasury.

DOM PEDRO II, Emperor of Brazil, while returning from a naval review, had a narrow escape from drowning. The boat which he was in capsized, but he was rescued.

MR. HENDRICKS' books show a little matter that perhaps he had just as lieve keep shady. "Curses, like chickens, come home to roost."

THE publishers of Blaine's book have just put to press the fourth edition of 50,000 copies.

Who is the Democratic candidate for United States senator to succeed Slater?

RUSSIA is about to make large accessions to her fleet in Chinese waters.

They are sleigh-riding in Nova Scotia.

NEW TO-DAY.

A WASHINGTON dispatch says that the busiest place at the capital now, aside from the political headquarters, is the supreme court-room.

Is Vermont lithographic prescriptions for cocktails are used. They read as follows, "R.—Spir. Frument, 2 fl. oz.—Ext. Angos 1/2 dr.—Syr. Simp 1/2 fl. oz. They are put up by druggists, who charge from 20 to 50 cents a prescription.
