A Demand For a Fair Count

New York, Nov. 6.—The following address has just been issued:

HEADQUARTERS OF THE REPUBLICAN NATIONAL COM., NEW YORK, Nov. 6.

The Republican national committee rejoices that returns now received warrant it in announcing the triumphant election of Blaine and Logan. The Republicans have carried every northern state except New Jersey and Connecticut...

The national Republican committee calls on the chairmen and individual members of all county committees to take the prompt and most stringent measures to protect the sanctity of the ballot. The Republican candidates have been honestly elected, beyond question, and any attempt to cheat the people and to defeat their will thus expressed at the polls must be sternly exposed and resisted by every law-respecting citizen.

PROCLAMATION BY A PROHIBITIONIST

New York, Nov. 6.—The following has been issued: The total Prohibition vote will aggregate 200,000. Four years ago it was less than 10,000, and it has decided the presidential contest in New York. Cleveland's majority is about 2,000. Official returns will not materially change the figures. The Prohibition vote in New York is fully 25,000. The Prohibition vote in Allegheny, Monroe and Orleans counties alone would have carried the state for Blaine, if cast for him. The Prohibitionists have stood up to be counted, and have rebuked the insult offered temperance men at the Chicago convention; and this vote has made prohibitory a national issue, which will not go out of national politics till beershops and drinking have gone from America. The Republican party having been removed from power to the graveyard, prohibition will be at once organized to bury whiskey Democrats four years ahead. I am fully satisfied we have no choice between the candidates of the old parties, but were fighting to elect an issue, and we have won. The work to make the issue win in 1888 has already begun. JOHN B. FRISCH, Chairman National Prohibition Com.

DEMOCRATS CLAIM THE STATE

ALBANY, Nov. 6.—Daniel Manning, chairman of the Democratic state committee, has sent the following to the New York Post: By official returns reported from every county, Cleveland and Hendricks have carried New York state by a safe and sure majority. No machinations or false claims, or pretended doubts of Blaine's managers, can change this result. The friends of honest government and honest elections can be everywhere assured that the Democratic state board of canvassers will see that the true vote is correctly declared. DANIEL MANNING.

Age Cannot Withstand

Lord Lindsay states that in the course of his wanderings amid the pyramids of Egypt he stumbled on a mummy which proved by its hieroglyphics to be at least 2,000 years old. In examining it after it was unwrapped he found in one of its closed hands a tubercular or bulbous root. He was interested in the question of how long vegetable life could last, and took the root from the mummy's hand and planted it in a sunny spot, allowing the rains and dews of heaven to descend upon it, and in the course of a few weeks the root burst forth and bloomed into a most beautiful dahlia. The story is said to be well verified.
