A Joke On the Judge.

A Texas judge who is the perfection of dignity on the bench, swore in as a witness a rather frivolous-looking female. "What is your name?" asked the judge. "Dolly Dimple." "Where do you reside?" The witness giggled and replied: "What's the use of me telling you where I live. You wouldn't call on me anyhow—would you, Judge?"—*Texas Siftings.*

The study of finger-nails, the shape and color of which are said to indicate certain traits of character, is a new occupation. Long and slender finger-nails denote imagination, love of art and laziness; if long and flat, they are the sign of prudence, good sense and grave mental faculties; if wide and short, of anger and rudeness, controversy and obstinacy; a healthy color signifies virtue, health, happiness, courage and liberality; dry and brittle nails are signs of anger, cruelty, quarrel, culminating even in murder; curved in the shape of claws, hypocrisy and wickedness; soft, feebleness of body and mind, and lastly, we are told that short nails, gnawed down to the flesh, signify silliness and dissipation.

Thousands of paupers are now being shipped from Naples and Genoa to South American ports, where they are left a burden on the local authorities. The latter have decided to adopt the New York plan and compel vessels to carry them back.
