# STATE AND TERRITORIAL NEWS.

Tacoms has a sidewalk three miles Tuere ars 53 newspapers in Washing-

ton territory. Eight hundred tons of wheat are daily shipped from Walla Waila.

The Coquille Packing Company has seen attached and failed: inabilities

The total vote of Washington territory at the late election was divided between the eastern and western sections as fol-lows: Eastern Washington, 13, 30; west-ern Washington, 22,212.

ern Washington, 23,22, Thirteen women are known to have been elected school superintendents of as many different counties at the late territorial election. In Pacific county Mrs. Ada Hinek in was elected; in Wah-kiakum county, Mrs. Mary Irving, and in Chehalis county, Mrs. J. M. Walker. The Indian training some at Forest Grove has is children from the different tribes of the Facilie coast. One hun-dred and three boys and eighty three girls. The farmer boys harvested over five thousand bushels of vegetables the past senson. The wagon suop turned out five wagons and two nacks.

The O.ympia Transcript says: "The Satsop railroad company nave naw three miles of their track ready for the iron, and all haste will be made to put on the roding stock. The road so far graded extends from Sheiton's Point in au utawesteriy direction, and will ele munity connect with the Pacific and Grays Harbor.

Hops baled and shipped to the amount Hops baled and supped to the amount of nearly 2,0,0,0,0 pounds was the product from about 1,2,0 ocres in Payallup valley in the senson of 1334. This mays result shows the work of lass than a candred hop growers, the heaviest among whom is i. Meeker, whose hop fields embrace 170 acres, the yield from which this year amounted to 1885 bales, or 335,600 , o .nd

The selection of Vancouver as the terminus of the Canadian Pacific railtermines of the ownahing ratine ratine ratine road has been ritiked by tas off hals at Montreal, and a company formed to build the terminal facilities. The warves will be constructed at once by the com-pany. They will be of the most sub-tar-tial nature and extend for miles along the foreshore. No extends will be seen the foreshore. No expense will be spared in rendering these the most complete on the coast. The buildings will like w so be in keeping with those of the comp ny classwhere and superior to any of the other transcontinential lands. They will embrace a large locomotive round-nouse with engine, pits, etc., of a capacity to a commodate twenty-live to forty noco-motives, with leads thereto from the other shops, a longe reput shop, in whren will be located forges, in thes, steam manmers and all such in oblining as is more sury in a first-class raiway repair show. The shops will be extensive, as it is tue company's intention to manufacture a company's intention to manufacture a certain class of rolling stock at Van con-ver, the timber for which is to be found on their own property. The dept. d.vi-sio a offices and mony other b. I. mos. will be of s ch a character as to reduce the time of the stock of the stock of the stock. erent of the gent compared as to reason they belong. A least, compared and ready for traffic by the summer of 1855. It is estimated that the total expendence on these works will be a veral millions.
