**BROWN'S IRON BITTERS**  
**THE BEST TONIC.**  
This medicine, combining iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, and Neurosis.  
It is an unfailing remedy for Diseases of the Kidneys and Liver.  
It is valuable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache or produce constipation, as many medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves heartburn and belching, and strengthens the muscles and nerves.  
For Intermitting Fevers, Lassitude, Lack of Energy, etc., it has no equal.  
The genuine has above trade mark and crossed red lines on wrapper. Take no other.  
Made only by **BROWN'S CHEMICAL CO., BALTIMORE, MD.**  
**REDINGTON, WOODARD & CO., PORTLAND, OR.**  
WHOLESALE AGENTS.

**TUTT'S PILLS**  
**TORPID BOWELS, DISORDERED LIVER, and MALARIA.**  
From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind. Erection of food, irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers" of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect **ANTIDOTE TO MALARIA.**

**THE HAIR AND THE EARS.**  
[Harper's Bazaar.]  
Black hair which is perfectly without any wave or curl, and which lies in lank, lifeless masses, shows a melancholic disposition; a black beard which grows sparsely gives also the same indication. Black hair which is wavy or curling, and very thick shows force of affection and certain ardor in love matters; and so also does a thick and crisp-textured black beard and moustache. The lank, thin, and uncurling black hair is one of the signatures of Saturn; the crisp, curling and thickly growing black hair is the combination of Venus with Saturn. The united influence of these two planets on a life gives force of character, for the warmth and impulse given by Venus is tempered by Saturn into prudence which produces success in life.  
Chestnut hair of a soft and silky texture, and not very thick gives romance of character. This is not the sort of hair which is ever seen on very commonplace, realistic persons. This tint of hair, crisp or curling, and growing thickly on the head, indicates a warm and affectionate nature. Men with this sort of hair, and with a thickly growing beard, also crisp or wavy of texture are jovial and hospitable, and both women and men of this coloring are fond of society, have a good deal of "go" in them, and an immense amount of confidence in themselves. It is essentially one of the signatures of Jupiter; it indicates pride and generosity of character. Avaricious people never have hair of this color and texture. With full lips and round chin with a dimple in it, this sort of coloring would give sensuousness almost amounting to sensuality.  
Golden hair of a soft, pale gold, without undulation, shows gentleness and tenderness, but no force of character. Men having this sort of hair are somewhat effeminate in their tastes, and are wanting in energy and decision. Both men and women having this pale floss silk sort of hair are incapable of strong affection; they are attracted by the opposite sex, but they are more given to having a series of small interests than one strong love. If this hair is found in combination with the golden colored eyes, it is indicative of coquetry in the nature; if with pale blue-gray eyes, we have languor and caprice—a sentimental but inconstant person.  
Bright golden hair of a rich, deep color and of a crisp and waving texture, growing thickly on the head and somewhat low on the brow shows an ardent, poetic, and artistic temperament. It is the signature of Apollo—the sun. Such people are generally fond of music, painting or poetry. Both men and women having this sort of hair are intuitive in their judgments, they do not reason about things, they feel it; they are a little quick of temper, that is easily ruffled, but they are quickly appeased; they are gay, and interest themselves in art, even if they are not artists themselves.  
Persons with red hair are ardent and vivacious, especially if they have hazel eyes, in which case they have a bright and quick intelligence. They have a great deal of natural facility for study and good memories. Red hair with blue eyes shows the same warmth of character, but not so much intelligence, and if with blue eyes and red hair, the eyebrows and eyelashes are white—as is often the case it is an indication of a weak and capricious nature.  
People with red-brown hair, which is very thick and redder over the ears and at the temples and on the beard than on the head, are courageous and hot-tempered. This kind of hair (unless the other indications in the face are widely different) shows activity and energy in all things. It augments the indications of force and power given by other features, and in art this sort of hair gives sense of color in painters, force of language and eloquence in poets and power in musical composition.  
Hair of that colorless fair color which French writers call "blond centre," or ash-colored, denotes persons of an indolent and dreamy temperament. It is the indication given by the dominant influence of the moon at birth. Persons with this sort of hair, in combination with large blue-gray eyes, with fair, long, but straight eyelashes and very slightly defined eyebrows of the same blond color, and white, soft skins, are capricious, languid, imaginative, and somewhat melancholic.  
Women having this sort of coloring of skin and hair are romantic and devoted in a quiet but not active spirit; that is, they are more generous in words than deeds, for they are incapable of exertion; and still less of perseverance.  
Persons of a soft, long hair of a dark brown, so dark as to be almost black, yet not of that blue black which is essentially melancholic, are affectionate, gentle and loving. Their first instincts are always good and kind. They like society, and are gracious in manner, and though they are not quite so indolent as those having the soft ash-colored hair—indicative of the moon's influence—they are still lovers of repose and elegant comfort.  
People with soft brown hair are very open to the impressions of beauty, and they abhor noise, discords and quarrels of all sorts. Men with this sort of hair, like those with pale golden hair are somewhat effeminate,

and easily moved to tears.  
Large, fleshy ears (especially those which have the lobes of the ears red) show coarseness of nature and sensibility.  
If the ears stand forward so as to show their entire form when the face is seen from the front, it denotes rapacity and cruelty.  
Ears close to the head show refinement and susceptibility.  
Long-shaped but small ears indicate refinement; a very small ear, close to the head, shows delicacy of perception, refinement, but also timidity. The ears should be placed as not to be higher than the eyebrow, or lower than the extreme tip of the nose; if set in too sloping a direction they show timidity; if too upright, animal instincts, courage amounting to cruelty, especially if they protrude from the head.  
A thin ear shows delicacy and poverty of feeling; a thick ear the reverse.  
A wide space between the wings of the nose and the ear-hole shows coarseness of nature; too little space means meanness and coldness of temperament.  
Ears of deep red color show animal instincts; perfectly colorless ears show timidity and want of warmth of temperament.  
An ear to be perfect should be rather small than not; in height it should not be higher than the eyebrow and not lower than the nose; in color it should be a very delicate pink, and a little, but a very little, deeper in shade at the lobes.  
How to be Pretty.  
A tablespoonful of sulphur taken every other morning for a week, then omitted three mornings and taken again, will clear the complexion in a couple of months, but will probably make the black specks more numerous for a week or two. A mixture of powdered brimstone or sulphur in diluted glycerine, rubbed on at night, in conjunction with the other treatment, will soon cause them to disappear. Wash off carefully in the morning with soap and water in which there is a little ammonia. After this, if the face seems oily, wash it at night with spirits of camphor, reduced with half as much glycerine and a few drops of ammonia. In the morning bathe the face as before with a little ammonia in it, and after wiping it carefully sponge it over with camphor and water, and in a short time the fairness of your skin will delight yourself and surprise your friends.—Mrs. Langtry.

**The Dogeasted Snow.**  
This is the way the poetical editor of the Heppner Times sings of "beautiful snow":  
O, the snow, the dogeasted snow,  
Filling the hearts of the people with woe;  
Covering the bunch-grass, filling the street;  
Blinding the eyes of the people you meet;  
Dancing, drifting, sweeping along  
Confound the snow! is the theme of my song:  
Freezing the end of my fair lady's nose,  
Causing the chilblains to grow on her toes  
Get away, stay away, you strengthen our fears  
Your unwelcome stay will kill off our steers.  
Your Golden Wedding.  
This is the fiftieth anniversary of marriage. Most folks who celebrate it have reached a good old age. Well-preserved people have a right to enjoy a hearty old age. It is sad to see old people the victims of debility and impoverished blood. People who are not too far gone can enrich their blood and vigor by the use of Brown's Iron Bitters. Dr. Myers, of Fairfield, La., says, Brown's Iron Bitters is the best iron preparation I have ever known in my thirty years of practice.  
In Burmah editors receive elephants in payment for subscription. In this country the paper itself is about all the elephant the editor cares to keep in stock.

Owing to the unprecedented rush of business at our Store, we find it simply impossible to write a proper advertisement enumerating the various Novelties in the line of HOLIDAY GOODS we have on hand, all of which are being rapidly disposed of and selected from. The public evidently know where to get the BEST ARTICLES for the LEAST MONEY. It is a well-known fact that we undersell any establishment in Astoria; as our expenses are lighter than those of any other store in town.  
We adhere strictly to our ONE PRICE SYSTEM, all our goods being marked in plain figures, and we will not ask you \$10.00 for an article and afterward sell it to you for One Dollar, (as is frequently done elsewhere in Astoria.)  
Bear in mind also, that we are the LEADING NEWS DEALERS of Astoria.
