... DECI MEER 28 1894

THE richest man in Colorado is Gov. Evans. whose fortune is placed st \$3,000,000.

THE opinion is growing that unless the senate recedes from the proposition on the naval appropriation bill, an extra session of the 49th congress will be necessitated.

GENERAL LORD WOLSELY has no tified the troops at Korti to hold themselves in readiness for an instant move toward Narawe. The advance will probably take place to-

THE secretary of the navy has prepared a circular, under the terms of which the navy yards throughout the country will close on the 31st of December and remain until appropriations are made by congress.

CALIFORNIA journals are discussing the coming senatorial fight in that state with vehemence. Sargent is the prominent candidate for senatorial honors. It would be a disgrace to the golden state to send to Washington a man with such a record as A. A. Sargent's.

HARBOWING details of disasters caused by earthquakes in South Spain, are received at Madrid. Many persons perished at Alhama, Loja, and the seaport of Montiel. The village of Albuncles was wholly destroyed. The grand convent of Seville fell in ruins amid pitiful scenes.

It is reported in Paris that En gland has ceded New Hebrides island to France. There is no official confirmation of the rumor there, and it is generally discredited. Such action on the part of the home government would raise an almost implacable spirit of discontentment in Austria.

A MELBOURNE dispatch says Victoria, Queensland and Tasmania have united in protesting against annexing a portion of New Guinea by Germany. The premier of Victoria has written to the governor of the colony expressing surprise and grief at the lack of sympathy with the colonial aspiration displayed by home government.

Facrs cited by the president in favor of the Nicaragua canal show that sailing vessels from New York to San Francisco will save twenty-five days' time, to Hong Kong twentyseven days, to Shanghai thirty-four days, to Callao fifty-two days, and between New York and San Francisco the saving will be ten days less than by the Panama route.

SENATOR EDMUNDS says all the states except Oregon and Iowa, have ent in their electoral returns by mail, but the returns by messenger are yet to come from California, Florida, Iowa, Oregon, Kansas, Nebraska, Nevada, South Carolina, Texas, Wisconsin. The law requires there shall be three sets of votes, one deposited with the district judge, one sent to the president of the senate by mail and one duplicate by messenger.

EDWARD EVERETT, the gifted orator, never spoke more truthfully than when uttering the following words: "To read the Euglish language well, to write with dispatch a neat, legible hand and be master of the first four rules of arithmetic, so as to dispose of, at once with accuracy, every question of figures which comes up in practice-I call this a good education. And if you add the ability to write grammatical English, I regard it as an excellent education. These are the tools. You can do much with them, but you are helpless without them. They are the foundation, and unless you begin with these all your flashy attainments, a little geology and all the other ologies and osophies are ostentations rubbish."

On Tuesday last the U. S. senate passed the bill providing for the admission of the southern portion of the territory of Dakota as a state, on a strict party vote of 34 to 28 against, the negative voters being Democrats. Senator Platt gave notice the same day that he should introduce a bill for the admission of the state of "Tacoma," by which it is supposed he meant the territory of Washington. Nearly the entire mass of the people of the territory, says the Vancouver Independent, will agree that if the name of the honored Washington is not better for our state to go by than that old clam eating siwash who turned up his stoes at the site of the city of prospects, then we had better remain in a state of vassalage until senators acquire better sense
