Some fine "Columbia river sea bass" have been brought to the city this week. Astoria Lodge No. 40, I. O. G. T., will give a social and entertainment next Wednesday evening, January 28, in the Y. M. C. A. rooms.

During a recent storm thousands of birds of unknown variety were washed ashore on the beach near Ilwaco. Some island colony of birds blown to sea where they perished, probably.

A joint memorial from senate and assembly to congress praying that body for a liberal appropriation for the improvement of the Columbia river bar passed both houses and was signed by Gov. Moody yesterday.

A freighting company was incorporated in Portland on the 17th by Charles Bureau, A. S. Foster and Thomas N. Strong, with a capital stock of \$30,000, for the purpose of doing passenger, freight and towing work on the Willamette and Columbia rivers.

The Clatsop cleared yesterday for Queenstown with 71,151 lbs. wheat worth \$30,148. The British bark Monmouth-shire, 1162, Stirling master, 35 days from Buenos Ayres, and Malabala, 537, Holdre master, 45 days from the same port, arrived in The Clatsop yesterday.

The city council met again in special session and gave further consideration to the new city charter prepared by Geo. No. 14, city attorney, and the same was carefully considered and almost unanimously concurred in. The new instrument as prepared is not radically different from the old; extends somewhat the powers of the council and makes more minute provision for the laying out and opening of streets.

The Ussos Bay came in from Yaquina yesterday afternoon, Capt. Babidge was among the passengers. Following is an official report of the trip: Yaquina, Jan. 18.—Steamer Ussos Bay arrived at 11:30 a. m. from San Francisco, 15th, via Coos Bay. Sailed again at noon 19th with passengers for Portland. Will land at that port and return to Yaquina, 48 feet water on bar. Only one letter mail in six weeks and no paper mail.

In the state senate on Monday, F. C. Reed introduced a bill redistricting the state in the matter of legislative apportionment. The ratio of apportionment in the bill is set at one senator to every 5,435 and one representative to every 2,117 white population. This would give Clatsop county at least one state senator and four members of the house, which would be more in accordance with the eternal fitness of things than the present scant representation that we enjoy at the state capital.

The item in yesterday's ASTORIAN in reference to the attempted burglary of Mr. Dr. Johnson's residence elicited the fact that an unsuccessful attempt was made the same evening to feloniously enter the house of Capt. Howes, bar pilot on the Oregon. An in the former case, the return of the burglar's coat, all burglar away. They caught sight of his fleeing form in the darkness and saw that it was a Chinaman. A dose of lead is what these miscreants want need.

The infant son of Wm. and Minna Beck died yesterday morning. The funeral will take place from the residence of the parents at ten this morning; the steamer Sea leaving at that hour for Clatsop cemetery.

CIRCUIT COURT PROCEEDINGS. JANUARY 20, 1885. TAYLOR, J. State of Oregon vs. Charles Harbert; plead not guilty; set for trial next Friday morning.

Andrew Young vs. C. A. Anderson and S. D. Adair; motion to strike out; motion and affidavit to dissolve attachment overruled.

A. M. Simpson vs. Wm. G. Ross; continued for term. Andrew Young vs. C. A. Anderson and S. D. Adair; trial had.

Special venire issued for twenty jurors returnable Friday morning next. John Ferry admitted to citizenship. Isley, Barham & Co. vs. Wm. G. Ross; demurrer to complaint argued and submitted.

Grand jury discharged for the term. Something You Need. Almost every housekeeper has felt the need of having something at hand to use in case of a fire. That something has arrived at last in the shape of the Challenge Fire Extinguisher. It is put up in convenient glass cylinders and can be hung in different parts of the house to be ready whenever or wherever a fire may start. It contains no acid and is not injurious to flesh or fabric. It can be used in any place, and it is safe to have in the house. Its use is so simple that a child can handle it effectively. A test of it made in this city yesterday afternoon was witnessed by several of our citizens, who were satisfied that it is what it claims to be. To those who have felt the need of something to stop a fire as soon as discovered we would recommend this extinguisher. This agent for this invaluable extinguisher can be found at the Occident hotel for a few days only.

PROPOSED CHARTER AMENDMENTS. THE CHAMBER OF COMMERCE COMMITTEE BILL.

Introduced in the State Senate Yesterday and Passed.

Following is a copy of a bill sent from the chamber of commerce of this city to Messrs. Reed and Leinenweber to be introduced into the senate and assembly. Hon. F. C. Reed presented the bill to the senate yesterday and it was passed by that body:

An Act to amend an Act to incorporate the City of Astoria in Clatsop County, State of Oregon, Approved Oct. 30, 1876.

Be it enacted by the Legislative Assembly of the State of Oregon: That section 1 of chapter I be and is hereby amended so as to read as follows: Section 1.—The city of Astoria is bounded as follows: Beginning at the NE corner of the donation land claim of M. and Susan L. Shively, his wife, in Clatsop county, Oregon, as established by the surveys and plats of the United States; thence south on the said claim line to the southeast corner of Astoria as laid out and recorded by J. M. Shively; thence along the southern limit of said town so laid out to the west line of said donation land claim; thence west along the center of Summit avenue in the city of Astoria to the west line of the donation land claim of John McClure; thence north on said claim line to state line; thence easterly to a point north of the place of beginning; thence south to the said place of beginning.

Section 2.—That chapter II be and is hereby amended to read as follows: CHAPTER II. Of the government of the city. Section 3.—The power and authority given to the municipal corporation of the city of Astoria is vested in a mayor and common council, and their successors in office, to be exercised in the manner hereinafter described.

Section 4.—For the purposes of municipal government, the city of Astoria is hereby divided into three wards, designated and bounded as follows: Ward No. 1 shall embrace all that portion of said city of Astoria lying west of the center of Main street.

Ward No. 2 shall embrace all that portion of said city of Astoria comprised between the center of West 7th street and the center of Main street.

Ward No. 3 shall embrace all that portion of said city of Astoria lying west of the center of West 7th street.

Section 5.—Each ward herein established is entitled to elect two members of the common council.

Section 6.—The members of the common council shall be elected for two years, and shall hold their offices until their successors are elected and qualified.

Section 7.—The mayor shall be elected for one year, and shall hold his office until his successor is elected and qualified.

Section 8.—There shall be elected a treasurer, auditor, superintendent of streets, and chief of police; and there shall also be appointed as hereinafter provided, a surveyor and city attorney, all of whom shall be officers in this municipal corporation, who shall hold their office for one year and until their successors are elected, or appointed as the case may be, and qualified. The appointed officers are subject to removal by the council by a vote of a majority of the members thereof, for malfeasance, inattention or incompetency.

Section 9.—No person is eligible to any office in the municipal corporation, who, at the time of his election or appointment is not entitled to the privilege of an elector according to the laws of this state, and who has not resided in the city of Astoria for the twelve months next preceding such election, and in the ward in which he offers to vote for the next preceding such election, or appointment, and has the qualifications of a voter under this act.

Section 10.—In addition to the qualification prescribed in section 9, of this chapter, to be eligible to the office of councilman, a person must for three months be resident in the ward from which he is elected.

Section 11.—At the first election under this amendment the councilmen from each ward shall, at the first meeting of the council thereafter, in such manner as shall be determined by the council, determine the duration of the terms of such councilmen. The lots shall be for the term of one year and two years respectively, and the terms of such members shall expire accordingly as they may draw either of such lots, so that there after at every general election, except in the case of vacancies, there will be one councilman to elect from each ward for the term of two years, and the proceedings connected with drawing such lots shall be substantially entered in the journal of the council.

Section 12.—The first election under this act shall be held on the second Wednesday of December, 1885. The returns of such first election shall be made to the auditor then in office, in all respects as this act elsewhere directs them to be made to the auditor, and such returns shall canvass the same, and issue certificates of election, in all respects as such auditor is elsewhere required to do by this act.

Section 13.—The present mayor and council of the city of Astoria, and all officers of the said city, shall continue in office until the first Monday of January, 1886, when the mayor and common council and officers elected under this amended act shall take their oaths and enter upon the discharge of their duties. From and after this act taking effect and until said first Monday of January, 1886, the present mayor and council and officers of the city of Astoria shall perform the duties and exercise the powers and be subject to the restrictions provided in this act.

Section 14.—The indebtedness of the city of Astoria shall never exceed in the aggregate the sum of \$25,000; and any debt or liability incurred in violation of this section, except as may be hereafter provided, whether by borrowing money, loaning the credit of the city or otherwise, is null and void of no effect.

TALK ABOUT HARD TIMES. What Our Exchanges Are Saying About the Existing Business.

Rigid economy in our local expenditures is an imperative necessity if we would avoid bankruptcy. —Olympian Standard.

County Treasurer Murray reports the largest delinquent tax list in the history of Pierce county, embracing about one-third of the entire tax levy. —Tacoma News.

The man who does most cash business these days is the one who has the most worry about collecting what is due him—and he is also the one hardest pressed in turn by his creditors. Yet there is about as much business done as under ordinary circumstances. —Port Townsend Argus.

Knowing the lack of a market for produce in this county and consequent scarcity of money, we have never looked our subscribers for money. Many of them have paid us promptly. Should you desire to bring us grain, hay, wood, lumber, flour or fruit on subscriptions old or new, we will receive it. —Yakima Republican.

I heard a Tamworth man say last week that he had over \$1,000 due him on Main street in Olympia, and he had been up one side and down the other trying to collect and did not get a dollar. And yet he did not believe there is a single case of starvation, or even hunger, in all western Washington. —Cov. Chehalis Nugget.

Our people here imagine that they are having a very hard time of it this winter, but if they would read up on the situation in the east and in Europe, we think they would be led to consider their circumstances fortunate. The hard times did not reach here until months after they had been severely felt there, and the same is true of the rest of the territory. —Chehalis Valley.

Land that has been sold for \$50 per acre will now bring \$20; lots in this city that have changed hands at \$100 per front foot cannot be sold for one-third that sum, and there is no demand for unimproved property at any price. The value of anything is fixed by what can be made out of it. The shrinkage of value is the legitimate result of present conditions. —Walla Walla Watchman.

Realizing the fact that times are hard and money scarce, we have made arrangements by which those indebted to us for subscriptions can pay us with oats, delivered at Spence Bros' livery stable at this place, and for each bush we will pay the market price. A great many of our subscribers are farmers who have plenty of oats which they cannot sell for cash, and we would like them to throw on a few sacks for the printer when they come to town. —Walla Walla Watchman.

There must be an awful pinch for money when the local paper in a town of 500 people will give attention to the paragraph following: Never in her history has Wallburg led a Christmas pass without a hard time of it. Christmas tree! But considering the present financial stagnation and the prevalence of whooping cough among the children, we certainly think this year should be an exception to the established rule. We say so Christmas tree. —Walla Walla Watchman.

Nowhere was the money pinch more apparent than at the treasurer's office during the past few days. There was only \$300 paid in money. Most all of our people are on the obligation to pay ten per cent added to their burdens. How they are to raise money to pay no one can divine, and truly our people are in a troublesome strait. We have heard it rumored that certain men had intended to follow the sheriff around and bid in the sacrificed estate property as it was sold. —Astoria Seafarer.

The hard times are not altogether an unmitigated evil. When we suffer inexperience and even endure privations that we would gladly avoid, and while we are not able to see one gleam of light through the financial darkness, yet the plucky, energetic, wise man will through his efforts and enforced privations, mine the out of ten with a competence, that would otherwise be denied him, by the habits of economy and industry, acquired in his struggle to make both ends meet during the hard times. —Goldens Seafarer.

We retail dealers are eating up our own means, and what is worse, the means of our creditors. Quarters are reduced, at least three-quarters of the small business of the city has got to go to the wall. The very best of us are to be driven out. The man who has the most enterprise are the ones who will get out first. Then I guess, the old fossils will have a good opportunity to run the town to suit themselves. Of course, never been a good business place. The extortion of landlords has always taken all the profits, and these times it is taking the living. —Portland News.
