IN THE SOUDAY.

New York, March 18. A London few days ago. cablegram says: The arrival of Gen. The Big Klamuth irrigating ditch Graham at Suckim has already pro- is about completed from the lake to duced an almost magical effect in Linkville, a distance of a mile and a correcting blinders and rectifying haif. the lines for the defense of Snakim. tion of the garrison at Snakim and without paying the indebtedness of of the outlying camps. He was unable to make the inspection on horse back, but trudged manfully afoot, with the help of a stout cane. The result of his inspection was by no means satisfactory. He berated the engineers and quartermasters who had planned the outposts, and said openly he was disgusted at their men choice of positions. He said they had blundered in arranging positions so that mutual help would be impossible in the event of a combined night a bit a dozen. attack by the enemy. Gen. Graham has ordered a radical change in the dispositions for the defense on the land side of Suakim, and his advent is hailed by the soldiers like the com-ing of a savior. The guards have been put to unaccustomed drill in formed an association.

There is talk of numbering buildings on the principal streets of Olymbeen a chance of stopping bullets and the Indians have been employed in sallies to terrify the Arabs.

All hands at Suakim are worried and excited. The constant night atand excited. The constant night attacks by Osman Digna's' troops prevent all chance of sleep, and the necessary fatigue and police duty during the day, keep the British troops fully employed. Gen. Graham expects to make a general advance of his troops toward the interior some time next tweek. His first objective noise week. His first objective noise will represent the constant night attacks by Osman Digna's' troops prevented and round house at Yakima is rapidly nearing completion.

Tacoma's fire department consists of sixty members, hooks and ladders, and two hose carts.
