PATRICIAN,

of July at the farm of the undersigned on Ciatsop Plains, on the following terms: single Service. S15: The Sesson. S20: Insurance. S25.

PATRICIAN is a dark bay with black points, 15½ hands high; is of a gentle, traciable disposition, as d is a pure-gaited troter. He was bred by Wm. Corbett, at Oak Grove Breeding Farm, San Mateo, Cal. The pedigree farmished by Mr. Corbett at time of purchase has been misiaid, but from the American Stad Book, and other reliable sources, I have the following:

Patrician was sired by Oak Grove, son of Arthurton by Bysyk's Hamiltonia; dam, Belle Alta; grand-dam by Bellmont, a thoroughbred -California's great sire of racers and trotters. Among the latter, from Bellmont dams are Neille Patchen, 2 25½, and Peluse Sheppard, 2 23.

Oak Grove was an untrained ho se, and went to Australia before having but little opportenity of establishing a record. His dam is a full sister to Venture, who has a record of 2 27½. Arthurton, although never prepared for racing, has shown a mile in 2 25½. At four years old he was bred to fine mares, and of the produce are Arab. 2 25½, and Joe Arthurton. 2 25%. Arthurton's first dam, I magene by Seely's American Sharr: second dam by Abdalla; third dam by Imp. Bellfounder; fourth dam by Membrino, son of Imp. Messenger: Hamiltonian besides being the sire of Dexter, 2 17%, Nettle, 2 18%, Orange Glrl, 2 20 and Jay Gould, 2 21, has to his credit three others that have trotted in 2 20, and better. He was also the grand-sire of Mand S., 29½ Jay Eye See, 2 10, and St. Jullian, Hamiltonian's first dam was the Chas. Kent mare by imp. Bell-Junder; second dam, One Eye by Hishop's Hamiltonian, son of Messenger. Thus it will be seen that Patrician has two direct croses of Bellfounder and four of Messenger, the two great fountain heads of trottle handling, but in the opinion of an experienced trainer, has shown a remarkable degree of speed, and staying qualities, and with proper training through the season would be able to make a mile in 2 30.

Marcs from a distance will be

THE RIEL REBELLION.

Winnipes, April 1.—Dispatches from Battleford to-day show improvements in the situation there. Messages received from the agent of the Hudson bay company say the Indians have left town and gone in a westerly direction. Women in the barracks are greatly relieved, feeling that the Indians do not contemplate attacking them. Every precaution has been taken to repulse the Indians, should they make an attack. J. Strong, one of the men in the barracks, wires as follows: "With a heavy attack our situation would be critical." It is understood from this the Indians are

and killed George Applegarth, a farm instructor and two settlers, and burned a large number of settlers' houses. All buildings in Battleford are pillaged and burned. It is expected Big Bear's band and the Fort Pitt Indians will also join in the rebellion. Big Bear with 800 warriors is with Riel, who is now said to have 2,000 armed men, but no field pieces. It is not known when Middleton will be kept in order."

One of the neatest and most elaborately finished Writing Desks ever seen on this coad can be seen on exhibition in the window of the eigar store, n-xt to Foster's Exchange, on Water street in this city. The desk was made by Mr. C. Constantine of this city and certainty reflects great credit on the skill, taste and workmanship of the manufacturer. The desk is about fifty-two inches high by two feet in width and ismade out of various woods such as oak, ash, butternut, wahnut and white helly: they were first sawed out in pieces and so cut in beautiful designs as to resemble fine bracket work. The top or cover of the cesk is inlaid with cardinal and blue velvet. At the back on either side of a square recess are two handsomely carved apartments with folding doors. In the desk part are a number of pigeon holes for papers, envelopes, etc., this is surmounted with beautinal bracket work, and on the top of each side is a white door, handsomely carved; undermeath is a semi-circle, also carved in rich designs, inlaid with gilt work. The sides are inlaid with cranson velvet, the bracket work being laid over it in different kinds of rich woods, the whole being surmounted with gold mouldings. A brief description of this wooderful invention conveys no idea of its elegance and finish, one must see it to appreciate it. The desk will be raffled off and persons desirous of procuring a handsome and useful ornament for the home office should not lose the opportunity to take a chance. Mr. Constantine can be found at the store any time to show those desirous of seeing the desk. The raffle will take place at 3 o'clock April 14th. A Work of Art.
