IMPORTANT TO PRE-EMPTIONISTS.

A case of much more than usual importance to pre-emptionists was yesterday decided by Judge Hoyt in the district court of Washington territory, holding terms at Vancouver.

Charles L. Large, George W. Sawyer and George M. Rogers were severally indicted for the crime of perjury, alleged to have been committed in making final proof, under the pre-emption laws of the United States, to a certain tract of land in Cowlitz county, W. T. It was alleged in the indictment that on the 10th of November, 1882, said defendants had severally appeared before S. W. Beall, probate judge of Cowlitz county, and made oath to certain statements in relation to the occupancy, improvements, etc., of the said land, which statements were in due course forwarded to the land department at Washington, and which statements were alleged to have been willfully false. The defendants, by their counsel, filed a demurrer to the indictment on several grounds, amongst which they claimed that a probate judge was under the law not a competent person to administer an oath in such cases; that his certificate as such officer was null and void, and that the crime of perjury could not be committed in taking oath before an officer incompetent to administer the same. After argument by counsel the court sustained the demurrer and the actions were dismissed and the defendants discharged from prosecution.

This case has attracted a great deal of attention, and Rogers, one of the defendants, had been brought back from the state of New York upon a warrant issued upon the indictment. Hon. J. B. Allen, U. S. district attorney, appeared for the United States, and J. F. Caples and Milton W. Smith of this city, and Judge G. H. Stewart of Vancouver for the defendants.

Proclamation Against El Mahdi.

CONSTANTINOPLE, April 8.—An official proclamation has been issued, stating that the El Mahdi, acting in opposition to the principles of Islamism, has carried his seditious audacity to the extent of issuing further incendiary manifestoes in Hedjaz and Yemen against Ottoman authority. Musselmen will guard the Sudanese agitator as an impostor and robber chief of the worst kind, and will treat the new appeal to fanaticism and barbarism with the same profound contempt as heretofore.

FORT SMITH, Ark., April 8.—A private letter from the chief of the Seminole Indians says Thomas Cloudy, in charge of a squad of Seminole light horse, crossed the Canadian river last week to arrest some Indian fugitives. They arrested two, but were resisted by Hector Rogers, a Creek negro desperado. Rogers fought like a tiger, killing Captain Tom Cloudy and mortally wounding Sam Cadijo before he fell. Rogers was shot all to pieces, and died fighting savagely.

QUEBEC, April 8.—Hon. John Costigan, minister of internal revenue, in a speech at Levis, defended the policy of the government in the matter of the northwest rebellions. Concerning the half-breed claims, he said they were unjust and should not be recognized. The Metis had not been wrongfully treated by the government, but after settling on the lands they had obtained on the Red river, they had demanded others on the Saskatchewan.

SALT LAKE, April 8.—A leading Mormon bishop says that the priesthood has concluded it would be cheaper to buy a statehood for Utah than to endure the annoyances polygamists are now being subjected to by enforcement of the laws; that they estimate that \$1,000,000 judiciously expended in Washington next winter will effect the object. Among the laity this is now considered to be the plan of the Mormon campaign.

NEW YORK, April 8.—Senor Becerra, Colombian minister, received to-day a cable dispatch from Tomena Ventura, dated this day, which informs him that the revolutionists have possession of the city of Panama. The dispatch is from the governor of Canal.

Do Detectives Detect?
That is an open question. But there is no question as to what Brown's Iron Bitters can do. Brown's Iron Bitters will put new spirits into disconsolate and languid ladies. Will invigorate the blood and put roses on pale cheeks. Will stir up lazy livers and set them at work. Will tone up weak stomachs and enable the work of digestion to go on gloriously. Mrs. Taylor, of Manchester, Va., says, "By the use of Brown's Iron Bitters I am entirely cured of malarial fever, poor appetite and debility."

A hay crop of two and a half tons to the acre will carry off 450 tons of mineral matter.

Mrs. S. Anderson, 2 McCulloch St., Baltimore, Maryland, states: Both my little son and myself were cured of severe colds by Red Star Cough Cure. I recommend it highly.

—Will you suffer with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by W. E. Dement.

ON IRISH SOIL.

DUBLIN, April 8.—The Prince and Princess of Wales and their eldest son, Prince Albert Victor, stepped on board the royal yacht *Osborne* at Holyhead last night. They left Holyhead at a quarter past six this morning and arrived at Queenstown at half past eleven. The *Osborne* was escorted across the channel by the *Enchantress*, a paddle-wheel yacht belonging to the navy. A large number of people had assembled upon the docks to greet the royal visitors, and the town was profusely decorated with flags and bunting. A number of excursion steamers thronged the bay, decked out with gay colored bunting, and six steamers of the channel squadron were in waiting, arrayed with flags of all nations and brilliant with various colored streamers. The *Osborne* was sighted when still ten miles out at sea, and when she drew nearer was greeted with salvos of artillery from the men-of-war. When the royal party disembarked, the throng raised loud and enthusiastic cheers. Dublin presents a lively appearance, but there are many indications that there is no great popular enthusiasm. Outside the route of the procession the decoration of the city is far from being general. Another flag has been substituted for the missing one, and this is now floating over the Mansion house.

It Looks Like War.

BERLIN, April 8.—The belief hitherto prevailing in official circles that peace would be maintained between England and Russia has undergone distinct change. Dispatches from St. Petersburg say the war party is getting the upper hand, and the czar has agreed to appoint General Gourke and General Mourmpoukine to leading commands in the Afghan campaign. In the event of war each will lead an army corps of 50,000 men. General Prince Doudoukofforsakoff, the governor of Caucasus, takes a staff of military surveys to Merv, to report upon the progress of the massing of the troops and condition of the commissariat. He will command a third army corps.

A Battle Reported Fought.

LONDON, April 8.—The *Standard* has a telegram from its correspondent in Russia, stating that a battle has been fought on the Murghab river, and that it is reported 500 men were killed. The dispatch was sent in cipher, in order to escape the vigilance of Russian censors. It is assumed the Russians were defeated.

PARIS, April 8.—The report that peace was concluded with China without the knowledge of the French ministry is declared to be untrue. President Grevy, it is said, in the conference with Brisson on Monday, stated the exact position of negotiations. The ministers decided to secure a vote of a Tonquin war credit before conclusion of peace. They found that nearly the whole of the amount asked had already been expended.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites.
In Strumous Children and Cholera Infantum.—Dr. W. E. RANSOM, Hartford, Ind., says: "I find your Emulsion to be an excellent remedy in lung troubles, and especially in Strumous children, and a most valuable remedy in chronic cases of Cholera Infantum."

WINNEPEG, April 8.—Troops camped Monday night twelve miles out of Fort Quappelle. They suffered terribly from the cold, the mercury falling from sixty degrees above zero to twenty degrees below. The wind blew thirty miles an hour, and had a clear sweep across the prairies and through the camp.
