The rumor on the streets yesterday that war had been declared between En-gland and Russia was traced to a promi-nent Astorian who said that he had a nent Astorian who said that he had a dispatch so stating. The intelligence was not confirmed by any dispatch re-ceived at this office last evening up to the time the telegraph office closed.

We will have a big crowd here at the coming firemen's toarnament and it might be a good idea to make some arrangement in relation to view slong the line of contest. Everyone will want to see the contests, and windows, etc., will be in de-mand. To prevent confusion and to ac-commodate ladies and visitors, it will be necessary that some provision be made so that there will be as little crowding as possible. Roofs could be utilized and mporary seats and awnings erected.

A STARTLING REPORT.

[SPRCIAL TO THE ASTORIAN.] Loypox, April 21 .- There have been thousand reports to-day concerning war

A special from Berlin says that a cipher dispatch has been received from St. Petersburg announcing the first advance of the Russian forces under General Komaroff against the country of the Afghans. The same dispatch states that the inhabitants of Northern India have turned against En
