other evidences that our navy was waking up. Minierous stories have been published in regard to the physical condition of Hon. Malcolm Hay, first assistant post-master general. He certainly has the appearance of being in poor health. He sits in an armed casy chair, with his head resting languidly back upon the cushion. He is vory pale, and his voice sounds like that of a sick man, or of one who is just recovering from a source ill-ness.
