MRS. AMANDA STEVENS,
Administratrix.
Astoria, Oregon, June 16, 1885. W-5t

DYSPEPSIA
BROWN'S
IRON BITTERS
THE BEST TONIC.
Physicians and Surgeons.
Great excitement prevailed on all sides yesterday as the report spread that a great curiosity in the shape of a stone man was on exhibition at the Beehive saloon. Large numbers were visiting and some endeavoring to gain admittance to the room where the great magnet was situated, and many were the surmises and conjectures arrived at concerning the origin of the wonderful spectacle. By some it was supposed to be a petrified man; by others a stone or graven image. It was found at Happy Valley, in the Metcosh district, on the farm of Mr. Peter Dubois, by some men who were digging a well at a distance of seven feet from the surface and lying in a horizontal posture. It was unearthed on Monday and taken to town yesterday morning. There are many points to indicate that it might have been once a human being, but others which tend to an opposite direction. The head seems very perfect, with a portion of the top of the nose wasted away. No ears remain, but the auricle openings are visible. The cavities of the eyes are large and hollow, bearing no evidence of the eyeballs. Both arms are off, leaving stumps about six inches in length. The ribs, or tracings of them, are quite visible, and also tracings of other portions of the body. The legs are off, but Mr. Dubois states that one arm and one leg are in the place where the trunk was found, and that one of the feet, which is of very large size, has six toes. The back is quite flat, as if at one time heated and while partially so, to have assumed that appearance, or, if not by that means, to have become so shaped by the hand of the artist. The face is quite full, with regular features, and showing representations of the teeth. In weight it must range in the vicinity of half a ton, as the services of three men are required to turn it up or handle it. Following are the dimensions: Size of head, thirty-six inches; length of face, fourteen inches; size of neck, twenty-seven inches; across the shoulders, twenty-four inches; length of body, four feet nine inches. The probable length of the body was originally about eight to ten feet. Here is a subject for antiquarians to deal with, and may lead to some revelations. A twin brother was unearthed a few years ago in lower California. *Victoria Standard.*

"Gene With a Hand-some Man."

Charles B. Stephenson, of Washington county was in this city yesterday, looking for a wife who deserted his bed and board and started for the east with another man, who, it is said, has left a wife behind him. Stephenson had previously telegraphed Chief of Police Parrish to arrest the woman here, but the chief having had considerable experience in making arrests of that kind, where the party requesting it would afterward fail to even return thanks, let alone pay any cash, did not regard the dispatch, and the eloping couple passed through the city unmolested. Stephenson describes his wife as having "black hair and black eyes, wears a black dress, and is about 21 years of age." He feels deeply the desertion, and while at the station cried like a child over his loss. Mrs. Stephenson leaves behind her two children. Their home is about five miles from Forest Grove. *Oregonian, 8.*

TUTT'S PILLS
TORTID BOWELS,
DISORDERED LIVER,
and MALARIA.
From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels constive, Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the kidneys and skin is also prompt; removing all impurities through these three "scavengers of the system," procuring appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect ANTIDOTE TO MALARIA. Sold everywhere. 222, Office 41 Murray St. N. Y.

TUTT'S HAIR DYE.
GRAY HAIR OR WHISKERS changed instantly to a glossy BLACK by the application of this DYE. Sold by Druggists, or sent by express on receipt of \$1. Office, 41 Murray Street, New York. *WEEKLY MAILER OF THE ASTORIAN.*

Magnolia Balm
is a secret aid to beauty. Many a lady owes her freshness to it, who would rather not tell, and you can't tell.

Man and Beast.
Mustang Liniment is older than most men, and used more and more every year.

The Gem Saloon.
The Popular Resort for Astorians.
For the
Finest of Wines and Liquors
Go to THE GEM SALOON.

Dr. SANFORD'S
LIVER INVIGORATOR
Is just what its name implies; a Purely Vegetable Compound, that acts directly upon the Liver; curing the many diseases incident to that important organ, and preventing the numerous ailments that arise from its deranged or torpid action, such as Dyspepsia, Jaundice, Biliousness, Costiveness, Malaria, Sick-headache, Rheumatism, etc. It is therefore a **"To have Good Health the Liver must be kept in order."**
DR. SANFORD'S LIVER INVIGORATOR invigorates the Liver, regulates the Bowels, Strengthens the System, Purifies the Blood, Assists Digestion, Prevents Fevers, is a Household Need. An Invaluable Family Medicine for common complaints.
DR. SANFORD'S LIVER INVIGORATOR. An experience of Forty years, and Thousands of Testimonials prove its Merit.
For full information send your address for 25¢ Book on the "Liver and its diseases," to
J. H. D. GRAY, NEW YORK CITY

Wherever Malaria Exists.
The bilious are its certain prey. In intermittent and remittent fever, dumbague and ague, the liver is always seriously affected; and the blood contaminated with bile, one of the chief reasons why Hostetter's Stomach Bitters is such a sure defense against chills and fever, and every form of malarial disease, is that it does away with the cause of the disease, by reforming irregularity of the biliary organ in advance of the arrival of the season when the disease is prevalent. There is no finer fortifying preparation than this, and it is especially adapted to a locality where the malarial "aunt" exists. There is no certain immunity from diseases in an epidemic or epidemic form, to be secured by the use of the average tonics and antispasmodics. But where quinine fails the Bitters succeeds both in preventing and curing. Moreover, it removes every vestige of dyspepsia, and overcomes constipation, rheumatism, inactivity of the kidneys and bladder, and transmutates and strengthens the nervous system.

Baron Tennyson.
Tennyson says in his latest poem on Spring:
"The blackbirds have their wills,
The poets too."
The blackbirds often have the best of it, too, for they seldom have dyspepsia or debility, while many poets have both these diseases, and as easily be seen. Poets and others afflicted with dyspepsia or rheumatism, can obtain speedy and complete relief by using Brown's Iron Bitters. Mr. Timothy Seck, Pleasant Grove, Pa., says he was cured of dyspepsia of two years' standing by taking one bottle of Brown's Iron Bitters.

LABOR LOST.
Twenty-nine thousand land claims within the states and territories covered by Commissioner Sparks' order of April 30, upon which final proof has been made, await the issuance of patents. The order suspended the issuance of patents, with the idea of postponing final action until special agents of the general land office could personally inspect the claims. For a time the clerks in the office went on filling out patents as before, but they were not presented for signature. Between 6,000 and 7,000 of these were written before the 4th of July; bearing date in the "one hundred and thirty year of our independence," which must be rewritten to correct the date, and the records of the office must also be made over, so far as these patents are concerned, for the reason that it is a rule of the land office that no erasures or interlineations shall be made in patents.

There are eight national banks in Oregon having a combined capital of \$710,000 and an outstanding circulation amounting to \$406,140. The surplus fund amounts to \$6,780,677, and the undivided profits to \$571,865.43. As individual deposits they hold \$2,074,138 and their total liabilities are \$4,450,456.90. The banks have out as loans and discounts \$2,180,855.28. Their real estate is valued at \$146,433. The cash on hand is as follows: Bills of other banks, \$14,754; fractional currency, \$506.59; specie, \$452,807.10; legal tender notes, \$26,785.

Destroy that Sign.
One may feel that he is getting old, but he naturally dislikes that anything about his appearance should advise others of the fact. Yet nothing does this so effectually as thin and falling hair. No woman wants to marry a man, and business firms hesitate to employ a man, who shows this fatal sign. Parker's Hair Balsam is worth to you, in this regard, more than its weight in diamonds. Use it, and have plentiful and glossy hair. Many have had every trace of grayness removed and bald spots covered by using a single bottle.

The interest factor is one of the most potent features in all business transactions. Money will double itself at ten per cent in about seven years, at nine per cent in eight years, at eight per cent in nine years, at seven per cent in ten and a half years, at six per cent in twelve years, at five per cent in fourteen years, at four and a half per cent in sixteen years, and at four per cent in eighteen years.

Coughs and colds can be readily conquered by Red Star Cough Cure. Sure and harmless.

Dispatches from St. Petersburg say that there is a strong war feeling in Russia, and military preparations are in progress in Finland.

Wherever Malaria Exists.
The bilious are its certain prey. In intermittent and remittent fever, dumbague and ague, the liver is always seriously affected; and the blood contaminated with bile, one of the chief reasons why Hostetter's Stomach Bitters is such a sure defense against chills and fever, and every form of malarial disease, is that it does away with the cause of the disease, by reforming irregularity of the biliary organ in advance of the arrival of the season when the disease is prevalent. There is no finer fortifying preparation than this, and it is especially adapted to a locality where the malarial "aunt" exists. There is no certain immunity from diseases in an epidemic or epidemic form, to be secured by the use of the average tonics and antispasmodics. But where quinine fails the Bitters succeeds both in preventing and curing. Moreover, it removes every vestige of dyspepsia, and overcomes constipation, rheumatism, inactivity of the kidneys and bladder, and transmutates and strengthens the nervous system.
