A STRANGE TRANSFORMATION.

JOLIET (III.), Aug. 13.—Mary Daniels of Terre Haute, a white woman, and Charles A. Stewart, a negro, bailing from the same city, were rebatting from the same city, were re-leased from the Joliet prison this morning, after serving one year each for bigsmy. Mary eloped from Terre Haute, leaving her white husband, and Stewart left his colored wife. The two went to Marseilles, Ill., and were married, but were followed up from Indiana by Stagart's dusky bot. from Indiana by Stewart's dusky bet-ter half, who had them arrested and convicted. A peculiarity about the Daniels woman is that when she reached the prison her face and hands had been colored by some kind of a stain that gave her the appearance of a bright-colored mulatto wo man. A year's sojourn behind the bars had bleached out her skin to its natural color, so that when she was called upon for discharge this morning the prison officials were aston-ished to see that instead of being a mulatto Mary Daniels had blue eyes and a fair skin, and rosy cheeks, and instead of kinky hair her head was adorned with bangs of light brown color. Stewart had been released several hours ahead of the woman, but instead of leaving town he hung about the prison, waiting for her re-lease. She remained at the prison until the St. Louis train arrived when she got aboard, giving her colored lover the slip.

HOUSEHOLD HINTS.

Grained wood should be washed with cold tea.

If paper has been laid under the carpet all dust may be easily removed with it.

Mortar and paint may be removed from window glass with hot, sharp Copperas mixed with the white-wash put upon the cellar walls will

keep vermin away. Ceilings that have been smoked should be washed off with soda wa

Drain pipes and all places that are sour or impure may be cleansed with lime water or carbolic acid.

Strong brine may be used to advantage in washing bedsteads. Hot alum water is also good for this pur The warmth of floors is greatly in

creased by having carpet lining of layers of paper under the carpet. Cayenne pepper blown into the cracks where ants congregate will

drive them away. The same remedy is also good for mice. If gilt frames, when new, are cov ered with a coat of white varnish, all specks can then easily be washed off

with water without harm. If a bedstead creaks at each movement of the sleeper, remove the slats and wrap the end of each in old news-This will prove a complete si-

If the wall about the stove has been smoked by the stove, cover the black patches with gum shellac, and they will not strike through either paint or kalsomine.

Carpets should be thoroughly beat on the wrong side first, and then on the right side, after which spots may be removed by the use of ox-gall or ammonia and water.

Furniture needs cleaning as much as other woodwork. It may be washed with warm soap suds quickly, wiped dry and then rubbed with an oily cloth. To polish it rub with rotten stone and sweet oil. Clean off the oil and polish with chamois skin.

The Whatcom Reveille says: "The people of Bellingham Bay are the unhappy possessors of booms without business, saw mills without lumber produce without market, railroads without cars, water works without water, coal mines without coal. Let us hope that the new gold fields will yield some of the yellow dust. The Rereille is tried of chronicling the birth of booms which die abornin."

A lobster used to be a meal for an old-fashioned family, when a family was equal to a modern boarding house, and there was enough and to spare for an invited guest. The lob-ster of to-day is a puny creature, and he threatens in another generation to diminish to the size of a spider, and there will be no dispute as to wheth-er he shall be classified with the insects.
