NORTHERN PACIFIC MATTERS.

The differences which existed between the Billings and Wright fac-tions have been amicably adjusted, and everything now points to the re-election of the present board of di-rectors, and this will carry with it rectors, and this will carry with it the re-election of the present officers. The only other contest likely to be made at the annual meeting is over the Oregon lease, and this will not be as warm as was expected. Mr. Wright, at first, was represented as being decidedly opposed to the lease for several reasons. First, he did not like its terms, and then he thought it would retard the building of the Cascade division. In consesse, quence of recent understandings, however, the hoard is now a unit rehowever, the board is now a unit re-garding the Caseade works, and the livision will be built as originally intended. It will not be rushed to completion because the company has other uses for its surplus cash, but the work will nevertheless go stead-ily on. The annual rental to be paid under the lease is 5 per cent. on the stock of the Oregon company for three years and 6 per cent. thereafter. He still favors that rental; but in consequence of the unanimous agree-ment to build the Cascade division, This powder never varies. A marvel of patrilly, strength and wholesomeness. More communical than the ordinary kinds, and can not be sold in competition with the multi-inde of low test, short weight, alum or phosphate powders. Sold only in come. NOTICE is hereby given that the assessment made by ordinance No. 828 of the city of Astoria, Clatsop county, Orgon, and which ordinance passed the Common Council on the 11th day of Asgast 1885, for the improvement of West 9th street from Water street to Berry street, as provided by ordinance No. 824, and which ordinance passed the Common Council on the 13th day of Jame, 1885, on each of the following described lots froating on said pertion of said street, is now payable at the office of the City Treasurer in U.S. coin, and publication of this notice, viz: Thursday, September 3rd, 1885, the Common Council will issue warrants for the collection thereof. and that it was in a position to

Oregon & California road, and chal-lenges the road to go into court to sue for its grant if it wants it. Gen. Sparks' judgment is known to be that in cold law the Northern Pacific is not entitled to its grant at all, and he may be expected to co-operate with Messrs. Payne and Anderson of the house lands committee, and sen-ators Van Week and Plaumh of the Conneil will issue warrants for the collection thereof.

The assessment is as follows:
Geo. W. Parker, lot 1 block 56, 150 for, cost of sidewalk \$55; cost of planking \$43; number yards cut 18:7; cost of cutting \$43; number yards cut 18:7; cost of cutting \$43; number yards cut 69; cost of planking \$65; number yards cut 69; cost of cutting and filling \$194,25; total \$22,25.

In a recent conversation on the subject, Gen. Sparks said he thought the Northern Pacific could afford to let the people have their grant after the road had been built at an actual cost not exceeding \$10,000 a mile, and stocked and bonded at \$80,000 a mile, the difference representing what Mr. Villard's construction company had stolen and lost in Wall street. The ground on which Judge Walker's position is taken is that the road, not having been built on time, the grant is forfeited, and until congress takes action disposing of the land, the land office would grant the land at its peril in issuing patents at this time.
