An Interesting Land Grant Case.

Washington, Sept. 3.—Secretary Lamar has directed Assistant Secretary Jenks to announce that on the 21st of October he will sit with him to hear an argument in the Seamans case, arising from the Olympia,
Washington territory, land district.

A Positive Cure for Every Form of Blood and Skin Disease from Pimples to cerefula. case, arising from the Olympia, Washington territory, land district. This case is one of great importance to every land grant railroad in the country. Seamans is a pre-emptor on a piece of land which, in the general route maps of the Northern Pa-cifice road, falls in an odd numbered section, and would therefore belong to the company's grant; but the railrailroad company, subsequent to Sea-mans' entry, filed plats of its actual route, which would not include it. The question to be settled is whether the railroad company's rights attach to the grant at the time of the filing of the general route map, or when the actual definite route is platted and plats filed. The Northern Pa-cific attorneys and attorneys for Seamans will argue the case, but Mr. Lamar wishes a broadcast advertise-ment of his invitation to all other attorneys interested in the question to be present on the 21st of October, and offer any argument in the case.
