ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness.

The rising generation of colored people in Georgia, the Atlanta Constitution says, is being well educated.

Real estate is diminishing in Hopkinton, N. H. at the estimated rate of \$15,000 yearly, in consequence of the loss of forests.

Two tons of gold, worth \$140,000, are lost every year from the wear and tear of commerce and personal use.

According to an eminent southern authority on barometers, it takes ten hours to roast a whole ox to perfection.

There are 135,000 miles of railroad in operation in the United States and Canada, with 1,000,000 employees.

There are more than four hundred species of trees in the forests of North America, only ten of which are continuously found across the continent.

His Loss was Her Gain.

"Well madam," said a fashionable physician to a recently lady patient, "if you don't like my prescriptions, perhaps you had better try Parker's Food, or some other quick stuff."

"That your advice may be good for all that, sometimes what you call 'quick stuff' is the best and most scientific medicine after all."

She got a bottle of Parker's Food and it cured her of neuralgia arising from a disordered stomach and nerves.

She told her friends and now they all keep a doctor at home in the form of Parker's Food.

The Clamor of an Alarm Bell.

Close by, in the stillness of the night, could scarcely startle the ordinary individual more than do the ringing of the alarm bell.

But once the nerves are braced and the system invigorated with Hostetter's Stomach Bitters, this abnormal sensitiveness is succeeded by a tranquillity not to be disturbed by trivial causes.

Impaired digestion is a fertile cause of nerve weakness and unattractive mental gloom, and a wise course of the action of the stomach is one of the most means of invigorating and quieting the nerves.

SHORT BITS.

New York state has 13,000 lunatics.

There are sixty-five kinds of steel pins.

There are thirteen Londons in this country.

Birlis exceed the deaths in the world by three per minute.

It is estimated that foreigners own about 25,000,000 acres of land in this country.

There are over fifty women in Minneapolis who pay taxes on \$100,000 worth of property.

Paper flour-barrel, a recent invention, are coming into favor in some parts of the west.

The census of Nebraska shows a population of 740,614. The population in 1880 was 452,402.

The total amount of pensions paid the past quarter by the United States was \$11,730,000.

It has been figured out that 5,400,000,000 passengers were carried by the world's railroads in 1882.

Gen. Armstrong says that of the whole number of Indians about 15,000 are east of the Mississippi.

Cuticura

A Positive Cure for Every Form of Pimples to Scrofula.

DISFIGURING HUMORS, Humidifying Eruptions, Itching and Burning Skin, Tetter, Lanthorn Sores, and every species of itching, scaling, pustular, humoral, scrofulous, and constitutional eruptions of the face, neck, and scalp, with loss of hair, from infancy to old age, are powerfully cured by CUTICURA.

ICZEMA CURED.

I was afflicted with Eczema on the Neck, Face, Ears and Nose, when the Discharge, where I got your remedies, produced one of the best cures that I have ever had.

SCABS AND SORES.

I have been afflicted with a scab on my face, which the doctors called Tetter. My face was covered with scales and scabs, and the itching and burning was most unbearable.
