The Rev. Mrs. Jones, a Baptist minister of Seattle, performed a marriage ceremony in Chehalis on the 6th inst., uniting David Temple and Mrs. Annie Wagley in the holy bonds of matrimony.

It is thought that the board of directors of the state fair, will be able to pay off this year's premiums in full and will have a balance left of some \$7,000 to apply toward paying off the indebtedness of the old society.

Brown brothers, of Olympia, have the contract to ship 500 spars to New York. They are above an average length of eighty feet, with a diameter in the middle of from sixteen inches upward, to the largest size used in the naval or merchant service.

The Synod of the Columbia is to meet in Calvary Presbyterian church, Portland, to-morrow at 7:30 p. m., opening sermon by the Rev. A. L. Lindsey, D. D. The synod comprises four presbyteries, Idaho, Oregon, Washington territory and Alaska.

The superintendent of public instruction for Clatsop county, has during the month of September, granted certificates of the first class to Miss Clara Adams and Miss Agnes Garner; also certificates of the second class to Miss Nellie Carnahan and Miss Margaret Grant.

The new pilot schooner now building at Smith's point, is a trim looking craft, of 64 1/2 tons register, with lines that give promise of excellent sailing qualities. She is about finished, and will be launched October 7th. Her name will be the Gen. Moody. Capt. Allan Noyes will be the Astoria agent.

The East Portland Indicator asserts that Dr. A. B. Adams, associate editor of the Columbia at St. Helens, "was a wild cow-boy only about two years ago, on the frontier of Indian territory, and is a deadly shot." The editor of the Indicator has seen the doctor "cut a barb wire fence with a bullet from his pistol while at full gallop."

It begins to look as though "the Chinese must go" from Washington territory at least. At Seattle last Monday, a large meeting passed strong resolutions favoring their immediate expulsion from the Sound. At the coal mines the Chinese have all been discharged. This is only the beginning of a movement that can have but one result.

It is probable, says the Oregonian, that the completion of the Canadian Pacific will have a much greater effect on the future of the northwest than many dream of. The Canadian government will make very low rates to the coast in order to get the territory along the road settled up. This will force other transcontinental lines to make low rates and will attract a flow of emigrants to Oregon and Washington.

In a Few Days. Frank Fabre will be glad to meet his old patrons and the public at his new coffee house on Squemoqua street, next to I. J. Arnold's.

A Commendable Enterprise. Our city is very quick to take up metropolitan ways and customs. Only one year ago, the Portland Y. M. C. A. started educational classes, for their members, and as it has proven to be a success there, our local association has followed in the same track. Our young men can now profitably employ two or three evenings each week in practical studies, without loss of time to themselves, and for a nominal fee. We learn from the officers of the association that the dues are but four dollars a year, less than thirty-five cents a month for a liberal commercial education. The gentlemen who have consented to teach the classes are men of high educational standing and with many years of practice as teachers.

Pools on the boat race to take place next Friday or Saturday will be sold to-morrow evening at the Sunnyside Saloon, commencing at 7:30 o'clock, by L. E. Selig.

This Morning. B. S. Worsley at his regular auction sale to-day at 10:30 A. M. will dispose of three New Bath Tubs, two Pumps and a fine lot of New Furniture, Stoves, Glassware and Crockery, also a large assortment of General Merchandise.

COUNCIL PROCEEDINGS.

Reparation of the Bond Given for Purchase of Lots Four and Five, Block Sixty-six, McClure's Astoria.

A special session of the city council was held last evening, present Councilmen Bergman, Cleveland, Gratke and Trenchard. The chair was occupied by C. J. Trenchard, president of the council.

A communication was read from "Contractor," complaining of having to wait for figures on contract work to be done on streets, etc. was referred to street committee.

A petition asking permission to erect a lamp in front of his place of business from J. A. McCrea was granted.

Petitions from D. Gearhart, A. Macrovitch, and D. Francisovitch, asking permission to change their place of business and retain present licenses, were granted.

A petition from W. W. Parker asking aid and authority to build a fire department cistern at crossing of Chenamus and Madison streets, was referred to fire committee.

A petition of citizens against employment of Chinese labor on streets was referred to committee on health and police.

A petition from V. Boelling asking for a reduction on assessment of steamer Tom Morris was referred to committee on ways and means.

A communication was read from Mrs. N. Weiman, complaining of a nuisance. Referred to committee on health and police.

A communication from the city attorney regarding sale of individual property for delinquent taxes, was received and filed.

The report of police judge for August was found correct by committee; report adopted.

The council authorized a reduction on the assessment of L. C. Kinney of \$3,000.

An ordinance authorizing the auditor and clerk and the treasurer not to sign or pay the bonds authorized by ordinance No. 551 was passed under suspension of the rules. (This applies to the \$5,000 bond given for the purchase of lots 4 and 5, block 66, McClure's Astoria, for the connection of Cedar, Cushing's Court, Jefferson and Astor streets, and the accruing interest on the bond.)

An ordinance declaring the probable cost of improving Cushing's Court street, between West 8th and West 9th streets, was passed under suspension of the rules.

Ordinances granting liquor licenses to R. V. Lundblad & Co., Mrs. T. O'Brien, Chas. Hansen, O. Sovey, and Wm. Boek, were passed under suspension of the rules.

The following claims were ordered paid, M. R. Kipp, \$1; T. S. Jewett, \$2.50; Gill and Clinton, \$110.

Failed to Pass. Charles A. Strauss of this city, who was appointed by Congressman Hermann as naval cadet from Oregon to Annapolis, failed to pass the examination at the latter place and has returned to this city. Mr. Strauss' stumbling block was in grammar. He lacked but one-fifth per cent of passing. This is quite a miss, however considering that four per cent is perfect, and that it requires 27 per cent, to pass. The Oregon candidate's standing was 23. Mr. Strauss was not the only unfortunate applicant. He says that of 98 candidates, all told, only 23 passed the required examination and were admitted to the academy. The only Oregonian who has ever graduated from Annapolis is R. H. Lamson of this city.—News, 28.

Held the Bishop to His Bargain. At Tacoma, recently, Bishop Walden (M. E.) was trying to raise \$1,000 to pay off a church debt. "Why," he exclaimed, "every property owner here ought to subscribe. If I owned a corner lot in Tacoma I'd give \$50 myself." "All right, Bishop," said a member of the congregation, "give your \$50 and call at my office to-morrow morning for the deed of your corner lot." The bargain was carried out.

The Major and the Mother. "He's not what you call strictly handsome," said the major, beaming through his glasses on a homely baby that lay howling in his mother's arms, "but it's the kind of face that grows on you." "It's not the kind of face that ever grew on you," was the indignant and unexpected reply of the maternal being; "you'd be better looking if you had."

Look Here. At Worsley's auction rooms to-day at 10:30 A. M. two fine Ash Bed Room Sets; new; Double, Three-quarter and Single Bedsteads and Mattresses, Chairs, Glassware and Crockery.

Any one finding a small gold pin in the shape of a cross will be rewarded by leaving it at THE ASTORIAN office.

A GRAIN OF TRUTH.

Part of What the Talk About an Extra Session Means.

"For him who hath no friend or brother near," says the Sunday Worker, the battle among the Republican papers regarding the necessity of calling an extra session is a glorious sight; although each studiously avoids giving the real reason for its position.

The truth of the matter is, those who clamor for an extra session of the legislature do so with the hope that John H. Mitchell will be elected to the senate, whereas those who oppose it do so with the hope that the governor will appoint to that position his fellow townsman, W. Lair Hill.

Arguments against the extra session, are the unnecessary expense; the special election that will have to be held in Yamhill county to fill the vacancy occasioned by the death of Hon. Henry Warren; and the trouble that will arise from the change of residence to other counties, since the adjournment of the legislature, of some five or six of the members. All these reasons boiled down, mean "Governor Moody ought to appoint W. Lair Hill to the U. S. senate."

On the other hand the papers that see the imperative need of an extra session claim that some of the most important laws passed by the last legislature are defective and demand correction. This is but another way of saying, "if we can but get an extra session Mitchell will stand a first-class chance to go once more to Washington as an Oregon Senator."

Whether the papers that call for "appointment" are correct in their impression that Hill will receive it, we cannot say, but we do most decidedly suspect that if an extra session is called that Mitchell will enter into the senatorial contest with no inconsiderable strength.

In the first place we incline to the belief that President Cleveland's hand will be felt in Mitchell's behalf; just as the advice given the governor by Senator Sherman during his pleasure trip to Salem is now manifesting itself.

During the last legislature Manning and Barnum are known to have telegraphed to leading Democrats then at our capital to do what they could to elect to the senate John H. Mitchell if they saw no prospect of winning the prize for their own party—and Manning and Barnum are *legis* types among the Democrats and very "close" to Cleveland.

At the late caucus at Salem to secure a successor for Senator Slater, Mitchell's name was looked upon as a smoldering volcano, notwithstanding his expressed determination that it should not burst forth and be used in opposition to Hirsch, who had loyally supported him in his previous struggle with Dolph; and in proof of the honesty of his pretensions he remained quietly at Washington.

With these facts in view, it is hardly possible that Mr. Mitchell has heard since the adjournment of the legislature that if he had been at Salem *in propria persona* he could have influenced enough Republicans in his behalf to warrant the Democrats making a bolt in his support, and on that account and the prospect of an extra session, it is not hard to base another cause than his love of Oregon law practice for his presence here at this time.

Another straw, besides the active part taken by Secretary Manning and Senator Barnum to show Cleveland's interest in behalf of Mitchell may be gleaned from the simple fact that Mr. George Steele, who doesn't pretend to act as postmaster of Portland is not removed to make place for a Democrat. Why? Because Mr. Steele is an active and devoted friend of John H. Mitchell's, and in the post office can be of more service to the furtherance of that gentleman's ambition, by securing Republican votes to send him to the senate as a "mugwump," than any Democrat or crowd of Democrats in the state.

Novel Use of a Newspaper. There is no aristocratic quarter in the city of New Mexico, and it is fashionable not only to live on a business street, but to have a saloon or meat market on the ground floor. Everybody lives in flats; the houses are usually three stories high, and the top floor is considered the best. It will rent for \$100 a month, while the second floor rents for \$40. When a house is to be let in Mexico the owner sticks an old newspaper in the window. It isn't very tasteful, and seldom improves the appearance of the house, but it is economical and understood by the community.

THE CHINESE TO GO FROM MONTANA.

The feeling against the Chinese which has been so much on the increase throughout the west, during the past fortnight, has resulted in active demonstrations against the Butte heathens. At Anaconda and Helena the edict went forth, the past week, that the Chinese must go. Tuesday afternoon, between 3 and 4 o'clock, circulars containing the following were distributed throughout Butte:

NOTICE TO THE PUBLIC. WHEREAS, We view with consternation the growing evil, the "Chinamen," in our midst, and knowing them to be detrimental to the best interests of this country, and not having anything in common with our institutions, we, the workingmen, once and for all have decided that we will no longer tolerate them in our midst. They have come into our fair land with all the hellish customs of their race, prostituted our children to all the evil habits and degradation the human mind can conceive, and we ask all good citizens to join us in ridding this community of a pest. It is essential to the wellbeing of this city that they should be removed immediately.

We do not desire to create any hardships to the business men or the general public of this city. Therefore we give them until the First day of October, 1885.

To replace the Celestial with other labor, failing to do so in that time, we will institute a vigorous boycott on all those who directly or indirectly will in any way contribute to their support. We have determined that they must go "peaceably if they will, but forcibly if they need be."

KNIGHTS OF LABOR. The tone of the circular is very business like, and the Chinese are not a little alarmed. There are now in Butte, according to authentic figures, about 654 Chinamen. About one half of the number are employed in the laundry business, a large number are employed in domestic service, many keep little stores in the Chinese suburbs, a fourth large class are the gamblers, toughs, loafers and hatched masons, and the remainder at work at gardening and odd jobs. From conversation with several of the leading men among them it is learned that they will probably accept the situation quietly; and if they must go, they will do it without making a fuss about it. Their going will make room in Butte for 200 or 300 girls and women as house servants, landladies, etc., and also for a good many men in various positions.—Butte Inter-mountain.

Swinging Round.

Last week a nicely dressed couple arrived at the St. Charles, in Eugene City, and registered as Dr. Boatman and wife. The Dr. put on considerable airs, says one of the papers there; and talked of heavy investments; but upon being asked to put up for their board was not prompt, became very "hot," so to speak, and changed hotels, where they remained pawning some property to get money they left town, shaking the dust of Eugene from their skirts. The couple had trouble in Ashland a couple of weeks ago, in which they were arrested for larceny, but got off after investigation on the grounds of "mistake." It would be well to keep an eye on them for they are a pretty slick pair.—Sunday Welcome, 26.
