It seems as if a close view of almost every human lot would disclose suffering that makes life a doubtful good - except perhaps at certain epochs of fresh love, fresh activity, or usual power of

helping others.
I think Ruskin has not been encouraged about women by his many and persistent attempts to teach them. He seems to have found them wanting in real scientific interest-bent on sentimentalizing in everything.

I object strongly to myself, as a bundle of unpleasant sensations with a palpitating 'heart and awkward manners. Impossible to imagine the large charity I have for those people who detest me. But don't you be one of them.

One must not be unreasonable about portraits. How can a thing which is always the same be an adequate representation of a living being who is always varying—especially of a living being who is sensitive, bright, many-sided?

The Silly Scent-Bottle Habit.

Not that the salts contain injurious properties, but simply from the fact that they produce irritation the same as any powder or snuff inhaled fre quently. This constant irritation in many cases destroys outright the sense of smell. One day a lady had a large bouquet of fresh cut flowers in a vase. She smelt them and said:"Doctor, these flowers are beautiful, but entirely devoid of odor. "I knew then what was the matter, for the flowers were especially fragrant. "Madam," said I, "here is a piece of quartz that has no odor: if so, it is peculiar." I gave her a small lump of assafetida. She smelt it and declared it had no odor. Then when I told her that her sense of smell was gone because she used a smelling bottle too often and her throat was sore from the result, she came near fainting. She confessed that she was a slave to smell-ing salts, and kept a bottle with her constantly.

The Young Husband,

The robin nesteth again and he clotheth himself in sackcloth and ashes and runneth swiftly unto gates and knocketh, and telleth the doctor that the wife of his bosom travaileth much, and rusheth back again.

The old woman prophesieth a boy and he jumpeth up and down and cracketh his heels together with joy; the doctor speaketh words of wisdom and cautioneth him not to ratify be-

The night weareth wearily on and the young man waxeth impatient, but the old lady speaketh words of cheer and prophesieth yet again, and he bideth his time and awaiteth his re-A cry smiteth his ear and the ward. drum thereof, and he biteth his lip and kicketh himself again as the old woman poketh her head in the door and bringeth tidings of two more

"Shell out your money, or off goes the top of your head," remarked one of the robbers, holding a pistol under Sam's nose. "Three hundred dollars vash every cent I got, so hellup me shiminy grashus," exclaimed Sam. "Hand 'em over."

Sam did so, keeping back \$6. "What are you keeping back them \$6 for?" mildly inquired the robber, pressing his pistol against Sam's head.

"Mine grashus, don't you let a man take out two per cent ven he advances money without securities' asked Sam.

Cure For Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some effection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uncasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile remedy, which acts directly upon the parts efwhich acts directly upon the parts effected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. SKIN&BLOOD

Cured by Cuticura.

Hundreds of letters in our possession, coppies of which may be had by return of mad, repeat this story:—I have been a terrible sufferer for years from Diseases of the Skin and Blood; have been oblined to shun public places by reason of my disfiguring humors; have had the best physicians; have spent hundreds of dollars, and got no relief until I used the Curicura REMEDIES, which have cared me, and left my skin and blood as pure as a child's.

COVESED WITH SALT RHEUM. CUTICURA REMEDIES are the greatest medicines on earth. Had the worst case of Sait Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cutticuta would have saved her life.
My arms, breast and head were covered for
three years, which nothing relieved or cured
untill I used the CUTICURA RESOLVENT,
internally, and CUTICURA and CUTICURA
SOAP, externally.

HEAD, FACE AND BODY RAW. I commenced to use your CUTICURA KEMBUTES last July. We head and face and some parts of my budy were almost raw. My head was covered with seahs and sores, and my suffering was fearful. I had tried everything I had beard of in the East and West. My case was considered a very bad one. I have now not a particle of Skin Humor about me, and my case is considered wooderful. MES, S. R. WHIPPLE.

The half has not heen told as to the great markly powers of the Curneura Resile ties. I have paid hundreds of dollars foundiness to care discusses of the blood amkin, and never found anything yet to equal the Curneura Resilette.
