HOODWINKING A HEN. Novel Scheme of an Ohioan-Inereasing the Yield.

Mr. Ingenius Workhard has performed a great service for his country, it will be observed, and he deserves a crow-mo from every thoughtful citizen. Of course he will not receive one from every thoughtful citizen, but if he did it would be no more than he deserves.

Mr. Workhard was the happy pos-sessor of a good, fat hen, which, like other good, fan hens, laid one egg a hard, however, was not satisfied what his good, fat hen accomplished in this direction, so he set about to devise ways and means by which it would be persuaded to add to the daily delivery. Coaxing proved (hen) fruitless, and cruel treatment was in vain. Workhard wracked his brain and studied. At last he hit upon a plan.

Oo

A most with a false bottom was consulted with a false with a false bottom was consulted with a false with a false bottom was consulted with a false with a false bottom was consulted with a false with a day, including Sundays. Mr. Work-

in such a way that when the good, fat hen laid her accustomed egg it would go beyond the seeming limits would go beyond the seeming limits of the nest and peacefully repose beneath the false bottom away from gallinaceous sight. The good, fat hen was a cautious bird and was accustomed to look into the nest after she had deposited her egg, in order to assure herself that it was really there before beginning her gleeful there before beginning her gleeful cackle. The first time the ingenious nest was put in position the hen was nearly knocked over the ropes in one round with astonishment when she found no egg. Consternation was on her face. It occurred to the honest hen, however, that she had made a mistake. She was off her base. She had laid no egg. So like the good hen she was, she immediately proceeded to lay another.

0000

The scheme worked well. Workhard gathered in two eggs a day for some time and then yearned for more. The nest was altered so that two eggs would drop through the false bottom instead of one, and a third egg was laid by the hen. The old hen thought it was mighty funny, SANFORD'S RADICAL CURP but being unsuspicious she did not suspect. The good work went on and the number of eggs which suddenly disappeared was increased gradually until the good, fat hen every day laid000000000000000.—[Cleveland Plain-Dealer.

Cure For Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some effection of the kidneys or neighboring organs. of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uncasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile remedy, which acts directly upon the parts effected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure.
