ASTORIA - OREGON Street Improvement Notice.

NOTICE is hereby given that the Common Council of the city of Astoria. Clatsop county, Oregon, propose to order the improvement of that portion of Chenamus street, in the said city of Astoria as laid out and recorded by John McClure, from the east side of Benton street to the east side of Olney street; by removing all defective piles, caps, stringers, planking and timbers, and replacing the same with new and sound fir piles, caps, stringers, planking and timbers, corresponding in size with that now in use. All of said improvements to be made at the expense of the property adjacent thereto; and unless a remonstrance signed by the owners of two-thirds of the property fronting on said portion of said street, be filed with the auditor and clerk within ten days of the final publication of this notice, viz: Tuesday, December 22nd, 1885, the Common Council will order said improvements made.

By order of the Common Council. Street Improvement Notice

The "Vegetable Sheep."

On Mount Torlesse, in New Zealand, grows a singular plant, specimens of which are known as "vegetable sheep." The plant belongs to the Cudweed tribe, and is described by a recent botanical explorer as growing on loose debris at an altitude of 4,500 to 6,000 feet, and forming round or kidney-shaped patches, some of them as much as eight feet across and three feet high. They resemble immense cushions, in one species snow-white and in the other silvery gray, and in both are formed of a dense mass of leafy branches, so of a dense mass of leafy branches, so closely packed together that a chieel cannot be easily thrust into the mass. The flowers are so small that their parts can be seen distinctly only under the microscope. The peculiar shape and appearance of these plants led to their being occasionally mis-taken for sheep by early settiers, and hence the name.

Fin Tags Tied to the Necks of

The sailors catch seagulls by throwing overboard a long piece of course twine and twailing it in the wake of the ship. As hundreds of the birds are constantly swimming along the are constantly swimming along the surface of the water they get tangled in the cord and are drawn in, but it requires as much dexterity to get them aboard as to land a lively trout. Sometimes brass or tin tags are tied to their necks, with names and date scratched upon them, when they are released. The officers of our ship reported that upon a previous voyage ported that upon a previous voyage they got a bird with one of these tags on, bearing inscriptions showing that it had been caught twice before. They gave the little stranger another indorsement and let him go.—[Ex-

Cure For Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some effection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatuiency, uncasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and itching Piles yield at once to the application of Dr. Bosanko's Pile remedy, which acts directly upon the parts effected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address The Dr. Bosanko Medicine Co., Piqua, O. Sold by J. W. Conn. Cure For Piles.
