President Cleveland still continues to deal out the Federal patronage to suit himself, regardless of the sug-gestions of Hendricks to make a clean sweep. The old-fashioned brass-mounted Democracy is not satisfied with what it gets, and we don't wonder at it.

The Federal patronage is being divided out pretty much as Johany divided his orange with his sister. A school teacher was laboring with Johany on the subject of simple

"Now, Johnny," said the teacher, "if you had an orange which you wished to divide with your sister, how much would you give her?" "If I had an orange I would not wish to divide with my sister. I'd

keep the orange for myself, so I would." "But suppose you had to divide with your sister, how much would "Well, I guess I'd give her a

The Fashion to Work.

It is the fashion to work. Every woman nowadays, no matter how high her rank or how great her wealth, works as though her bread depended on her industry. There is no moderation in this freak that has bitten all classes like a tarantula, and set them whirling in a fever of occuration. Satan who used to find occupation. Satan, who used to find so much mischief for idle hands to do, must be at his wits' ends to discover a pair that is not full of play or downright hard work. The moneyed class and the working classes meet on a neutral ground, where million-aires, empresses, and princesses rush in for their share of labor, and look with searn on these who kilds their with scorn on those who hide their talents in a napkin. The fashionable idler is now as busy as a bee, with the bump of approbation in a state of abnormal development. Perhaps these "swelled heads" of society interfere with the labors of men and women who depend on their art or their mechanical skill to keep the wolf from the door, but it can be said in return that the trained artisan or laborer is always worthy o his hire, and there is no code which prevents a fashion from having its little day .- [Boston Beacon.

#### Cure For Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some effection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uncasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable liching, after getting warm, is a common attendant. Blind, Bleeding and itching Piles yield at once to the application of Dr. Bosanko's Pile remedy, which acts directly upon the parts effected, absorbing the Tumors, allaying the intense liching, and effecting a permanent cure. Price 50 cents. Address The Dr. Bosanko Medicine Co., Piqua, O. Sold by J. W. Conn.

"Your studies are costing me a great deal," said a father to his son, as he reached in his pocket for money to buy more books with. "I know it, father," replied the son, with some emotion, as he pocketed a \$10 bill, "and I don't study very hard, either."

Not a Single Gray Hair. "You may laugh and think me a vain thing," writes Mrs. J. R. C. of San Francisco, to a friend in this city, "but I have not a gray hair in my head, and yet (sad to say) I am fifty and a day. Recently my hair was not only quite gray but quite thin, too.
