Ready made proofs presented merely as *pro forma* acknowledgments, without verification, cross examination or evidence of identity, will not, it is stated, be considered such proofs as are required by law. Officers taking affidavits and testimony are required to call the attention of parties and witnesses to the laws respecting false swearing, and the penalties therefor, and inform them of the purpose of the government to hold all persons to strict account for any statements made by them.

THE Canadian Pacific is now operated west from Winnipeg to Donald, a distance of 1,022 miles. Donald is between the Selkirk mountains and the summit of the Rockies. At present very little passenger business is done, but the several cars of each daily train are well loaded with supplies for the mines, recently discovered about fifty miles from Kicking Horse pass. The through line to the Pacific will not be operated until spring, when the Canadian Pacific fork expect to have all arrangements completed for the establishment of a line to Japan and China. From Winnipeg to Montreal the line is open and will be operated all winter.

Secretary Manning has issued a call for U. S. bonds to the amount of \$10,000,000.

It is proposed to raise a body of troops in southern New Mexico to exterminate the Apaches.

Senator Dolph called on the president of the Astoria in regard to sending a fire alarm to Alaska.

James H. Miller, a miner at Newcastle, was killed last Tuesday by a fall of coal from the roof of the mine upon him. He was 38 years old, married, and the father of six children.

J. B. Williamson, a merchant of Milton, Oregon, was murdered on Tuesday afternoon. He was struck on the head with a pick handle in the hands of Robert Elliot, and died from the effect of the blow in half an hour. The cause is unknown.

A recent convicted smuggler at Seattle says that an Italian boatman left Victoria one day last summer with seven Chinamen for the American side of the Strait of Fuca. When almost across he saw the United States cutter *Oliver Wolcott* coming toward him, with the evident intention of examining his craft. He became alarmed, and to avoid the penalties attaching to the offense of smuggling Chinese into the United States, resolved to make way with the evidence of his guilt. He called the Chinamen out of the cabin, one by one, and as they came struck them on the head with a club and pitched them overboard. In this way he got rid of the whole number, and when boarded from the cutter no evidence whatever of a criminal nature was found. An investigation will be made with a view to ascertaining the truth or falsity of the story.
