The proprietors of a newspaper spend every cent of their surplus earnings in improving the paper. If we could we would cover one side of THE ASTORIAN every morning with dispatches; as it is we are doing the best we can. Our only source of revenue is subscriptions and advertisements. It is our boast that during many years of work in the newspaper business, and as proprietors of newspapers in Nevada, California and Oregon, that we have never yet accepted a dollar from any man to say anything or keep from saying anything. This we believe the only way to run an in-

dependent newspaper. It is certainly the only way for a man in a newspaper office to preserve his self respect.

WE hasten, says the Boston Herald, to the defense of the newspaper. Lying is not one of its vices. The hardest work done by newspaper men is hunting down lies told by other people. If newspapers printed all the stories brought to them, they might well be denounced as lying sheets. When a mistake is made in a newspaper, it is because the vigilant reporter, or the conscientions editor has not been able to detect it in season. Publication speedily brings the correction when nothing else will. Many men are interested to lie, but a newspaper is interested to tell the truth. Its business being to purvey and sell information, its chief interest is to Good on any of the Company's boats acquire a reputation to tell the truth. Of course, the organs have to lie a little, because it is their duty to support their party, whether it be right or wrong, but an independent newspaper is under no such obligation. Its chief motive is to learn the truth and tell it.

THE court of Alabama Claims completed its award December 30 and turned over to the treasury for payment a list calling for \$10,-700.000. With interest added, these figures are raised to \$16,-000,000.
