ROBBED OF HIS LIBERTY.

A Sane Man Imprisoned in a Lunatic Asylum for Years. A remarkable case of a sane person having been kept for six years in an asylum for lunatics through the influence of his enemies...

"I could have left the army then, on a full pension," he writes, "but I did not succumb. I served out my full five years' term, being rated as sergeant and armorer, the highest non-commissioned officer."

"I knew no more of forgers, perjurers, deeds or judgments," he adds, "than a man in his grave. I paid up all that I owed on a judgment to the agent, but they never canceled the judgment. Then they entered forgeries against me in court."

"That it can be done in two ways," he says. "I have been an officer in this town over twenty years, replied the nephew, 'this is a dangerous business and I will have nothing to do with it.'"

"This was on February 9, 1876. Two days later we had occasion to walk up to the asylum and hospital. The doctor was with us, and as was customary with him he stopped to have a talk with the Superintendent."

A father was very much annoyed by the foolish questions of his little son. "Johnny, you are a great source of annoyance to me."

Trusting to luck is only another name for trusting to laziness.

Yankee Doodle.

"Yankee Doodle" was the theme of an interesting paper recently read by Mr. George H. Moore, LL.D., before the New York Historical Society.

"The subject," said Mr. Moore, "naturally divides itself into two parts; first, as to the origin of Yankee, and second, concerning the time with which the word is indissolubly linked."

"The word was well known before the time," continued Mr. Moore, "but the latter unquestionably came from England, despite the assertions that it is a well-known Netherland peasant song, or that Kossuth, when here, recognized it as a Hungarian dance, or that it is known as the ancient sword dance of the Biscayans."

"The appearance of the troops called down the derision of the British officers, and soon the hit of the doctor became known throughout the army as a method of showing contempt for the colonials, and this continued until after Lexington, the British troops leaving in 1775, when they tarred and feathered one Thomas Ditson, in Boston, marching to the tune as the best known way of heaping contempt on the Yankees."

"The words and tune were undoubtedly first wedded together by Dr. Richard Shackberg, who was connected with the British army when the colonial troops camp at Albany to join the British regulars on the way to fight the French."

"The complaint is a sign of a disordered liver and should be attacked at the source of the disease. Avoid violent purgatives, swallow no chalk mixture or other constipating preparation. Take Simmons' Liver Regulator which will remove the irritating humors that produce the disease, correct the acidity of stomach and produce regularity of the bowels, alike free from laxity or costiveness."

GILBERT CHRISTIANSEN, General Blacksmithing. Horse Shoeing a Specialty. Shop in Rear of Aug. Danielson's Saloon.
